

We need your help to increase the understanding of Parkinson's disease!

The **Calgary Parkinson Research Initiative (CaPRI)** at the University of Calgary needs your help!

We are looking for people of all ages with **Parkinson's disease** or a **Parkinson Plus Syndrome**, as well as people 40 years of age or older without Parkinson's disease.

We want to understand how to improve the management and treatment of Parkinson's disease. ***Stepping forward to change lives.***

What would you have to do?

Attend a 2 to 3 hour long study visit that would include:

- A questionnaire about your background and health
- An assessment of your mood, memory, and thinking
- A motor exam (Parkinson's participants only)
- A blood draw

The study visit will take place at the Foothills Hospital Campus. We will reimburse you for transportation or parking expenses.

In addition, there are 3 follow-up phone questionnaires at 18 month intervals.

This study has been approved by the University of Calgary Conjoint Health Research Ethics Board

Ethics ID# REB 16-0545

Do you have questions or want to participate?

Please phone our research coordinator **Zainul Javer** at **403-220-7148**, or send an email to **info@capriresearch.org**
