

CIDP Information Night

People living with CIDP and their families/supporters are invited

Date: Tuesday, April 23, 2024

Time: 4:30pm - 5:45pm

**Location: South Health Campus Hospital,
Auditorium A&B (2nd Floor), 4448 Front St SE, Calgary, AB**

Outline

1. What is CIDP? - *Dr. Amokrane Chebini*
2. Living better with intravenous immunoglobulin (IVIg) treatments - *Kate Kain, RN*
3. Subcutaneous immunoglobulins (SCIg) treatment in CIDP - *Dr. Shaza Almweisheer*
4. When and why to consider tapering CIDP treatments - *Dr. Collin Luk*
5. Research - Should we screen for hereditary TTR amyloidosis in CIDP? - *Dr. Gord Jewett*

Questions will be welcomed throughout the session!

There will be an opportunity to participate in a brief research study at the end of the session for those that are interested.

Light snacks and drinks will be provided.

**RSVP by April 12th to
Jenn at jennifer.coish@ahs.ca or by phone 403 – 956 – 3387.**
