Zoom session

Implicit Bias in Medicine workshop

We would like to invite you to attend this very exciting learning opportunity, the Implicit Bias in Medicine workshop. This workshop is intended for physicians. You will learn how to recognize types of implicit bias, reflect on your own implicit biases and identify strategies to mitigate implicit biases. It is organized by the Office of Faculty Development and Performance, Cumming School of Medicine, University Of Calgary.

Workshop details:

Title: IMPLICIT BIAS IN MEDICINE - How to recognize it, what to do about it.

Date & Time:

Wed, September 9, 2020

9:00 AM – 12:00 PM MDT

Registration: Click [here](#) to register

Workshop is accredited and free.

Thank you.

R2C2 Facilitated Feedback Workshops

PGME is pleased to announce that we will be offering two R2C2 Evidence-Informed Facilitated Feedback Workshops on the following dates:

- September 10, 2020, 9:00 – 11:00 am
- October 2, 2020, 1:00 – 3:00 pm

Both session will be held over zoom.

For those individuals that are interested in attending the session, this workshop is accredited and participants will be able to claim 2.0 hours of section 1 credits with the Royal College of Physicians and Surgeons of Canada.

A brief description of the R2C2 Evidence-Informed Facilitated Feedback Workshop can be found below.

As programs prepare for the transition to CBD, programs will be encouraged to adopt academic advisors (or coaches) to meet with residents at regular intervals to review all of their assessments, provide feedback and assist the resident to develop a personal learning plan. This workshop will teach participants how to use an evidence informed facilitated feedback model and learning change plan that will optimize the effectiveness of the feedback and provide coaching for change for residents

The workshop is targeted towards educators who are or will be performing the following roles:

- Academic advisors (or coaches) in CBD
- Longitudinal preceptors
- Program directors

- Rotation coordinators who are responsible for synthesizing multiple assessments and providing residents with summative feedback

Please use the [accompanying flyer](#) and [trifold](#) to advertise this session to any relevant faculty within your program.

To register for a session please email cinde.adegbesan2@ucalgary.ca by August 28, 2020.

Best,
The CBD Team

ED Highlights

Year-end Celebration

On behalf of the FRCP and EM residency programs, we'd like to thank you all very much for your ongoing contributions and support of residency education here in Calgary! As you know, we had to unfortunately cancel our annual Year-End BBQ in June due to COVID, an event at which we traditionally celebrate the accomplishments of our residents and staff and have a great opportunity to all relax as a group. We're hosting a smaller celebration this year on August 27th in lieu of this to celebrate the accomplishments of our outgoing residents, and welcome our new residents. We are very sorry that we are unable to extend the invitation to this event to the entire department as we have in years past due to current public health restrictions, but we very much appreciate all you do and look forward to restarting a department-wide event when conditions allow.

Thank you!

Catherine Patocka, Anjali Pandya and Jason Fedwick
