### Physician Support Fund (PSF) Survey!

**We need your input!** There have been big funding changes from AHS / UofC and everyone's income was down this year. We want to appropriately disburse your money and support initiatives that you want.

This survey will honestly take less than 3 minutes and also provides a report on where your money has gone and all the awesome things we have been able to do as a group!

3 minutes! <https://forms.gle/ZSomLB85vpc2nNDj7>

### Looking for 1-2 ED MDs for Medical Stability Working Group:

I am looking for 1-2 ED MDs to be a part of the medical stability working group at FMC. The objective of this group is to develop a formalized process for the assessment and determination of medical stability in psychiatric patients presenting with an acute mental health condition at FMC. We hope to reduce the number of missed medical diagnoses, shorten ED LOS, and most importantly, reduce patient morbidity. Additional goals include identifying barriers to timely and safe disposition of psychiatric patients with medical complaints from the ED, and to explore and address impediments to the care of mental health patients on medical and psychiatric inpatient units. This group has representation from psychiatry, neurology, IM, and hospitalist services. The group will meet in September, and would involve 2-3 meetings between September – December 2021.

This is a great opportunity for junior staff, or anyone who would like to become involved with committee work, process changes in the ED, and collaborating with colleagues from different disciplines. Working at FMC is not a requirement. If you are interested, or would like additional information, email me.

Thanks!

### Career Coaching for Medical Students

We are looking to recruit 10 new coaches for UME's Career Exploration Program. Please forward to your colleagues or internal departmental email group.

Each student entering the MD program is assigned a Career Coach with whom they will meet on 3 occasions (approximately August 2021, January 2022, July 2022) over the first 2 years of medical school. The Career Coach role is distinct from mentorship or advising about the physician's own area of practice. Rather, using coaching techniques, the Career Coach will guide the student through exploring and ultimately making informed decisions about the career that they wish to pursue in

medicine. A faculty development package will be provided, including some short videos about coaching. Physicians who are not part of an ARP will be compensated at the usual hourly teaching rate for these sessions.

Please send expressions of interest to Tania at [MDcareerdevelopment@ucalgary.ca](mailto:MDcareerdevelopment@ucalgary.ca) by June 30.

### Residency Education Involvement

Are you interested in becoming more involved in residency education? We are fortunate to have a such a large group of excellent emergency physicians here in Calgary and we'd love to have you!

If you are interested in what aspects of the programs you could get involved in, you can read more about them and let us know of your areas of interest by [clicking here](#).

While not all parts of the program actively need preceptors or membership, we'll reach out to you as opportunities come up.

Thanks!

### Preceptors Needed for Academic Full Days

We are looking for preceptors for the following Academic Full Day sessions for our resident curriculum. As preceptor, your role is to guide the resident assigned to the topic as they create their presentation and attend their presentation to help facilitate questions and discussion. Please email Anjali directly if you are able to preceptor any of the following sessions. To allow everyone time to respond, we'll confirm your assignments after this notice has run for two weeks.

- September 30 13:00-15:00 Approach to the Febrile Child
- October 7 13:00-14:00 Approach to Chest Pain & Risk Stratification
- October 7 14:00-15:00 Unstable Angina & NSTEMI
- October 7 15:00-16:00 STEMI
- October 7 16:00-17:00 Complications of ACS
- October 14 13:00-14:00 Neonatal Jaundice
- October 14 14:00-16:00 Peds Resp Emergencies
- October 14 16:00-17:00 Prematurity/SIDS
- October 28 13:00-15:00 Tachydysrhythmias
- October 28 15:00-16:00 CHF
- October 28 16:00-17:00 Hypertensive Emergencies
- November 4 13:00-14:00 Peds GU Emergencies
- November 18 13:00-15:00 Ortho (Wrist/Carpus, Forearm, Elbow)
- December 2 13:00-14:00 Pneumonia/Empyema

Thank you all so much for everything you do to help support our CCFP-EM & FRCPC Residency Programs!

-Anjali, Catherine & Jason.

### INFO Debriefing study expands to all EDs

Have you been part of an INFO debriefing? We are looking for participants to take part in a study titled "Attitudes of Calgary Emergency Department Staff to the INFO Sessions Debriefing Technique."

This study started at the FMC but is now expanding to all the Calgary ED's and we would really like to know what you think about INFO debriefing at your site.

Participants will be asked to commit 30 minutes for a one-on-one interview via Zoom audio.

Participants will receive a \$10 coffee card (and an INFO pen) as a thank you for their participation.

### Extra-curriculars/clinical & non-clinical interests survey

\*\*\*Thank you to those who attempted the survey and my apologies to those who encountered a glitch that prevented you from submitting the survey. The issue has been resolved and I would greatly appreciate it if those of you who had issues would be willing to return to the survey to complete it. Thank you again and my sincere apologies for the confusion and frustration.\*\*\*

Below you will find a link to a survey that is looking to collect information about areas of clinical and non-clinical interests as well as involvement in hubs or extra curricular activities. It takes less than 10 minutes to complete. The ultimate goal of this survey is to create a password-protected staff directory on our Calgary EM website where both residents and other staff can find colleagues with similar interests and areas of expertise. By participating in this survey you will help our residents with finding mentors or identifying staff who have careers in their areas of interest. It would also be used to help colleagues find collaborators or mentors and to help develop wellness/social initiatives. This survey is NOT a means for leadership to monitor the extra curricular activities of the staff and does not affect promotions/hiring/etc.

[Click here for survey.](#)

Thank you in advance for your time and for contributing to the enhanced sense of community in our department. Please feel free to contact me via email if you have any questions or concerns.

Dr. Carly Hagel MD FRCPC
