### YYCEM May Challenge!

It's May and that means we are almost half of the way through the year of the YYCEM Happiness Challenge! This month's challenge is to discover ways we can use money to improve our wellbeing and happiness. They say money can't buy happiness but actually it can. Multiple studies have shown that there are many ways of using your money that actually does boost your personal happiness and wellbeing! As Ayn Rand has said "Money is only a tool. It will take you wherever you wish but will not replace you as the driver."
