Connect Care Update

1) Cardiology Clinic Referrals: Good News: the list of cardiology outpatient clinics that have eliminated the need for separate paper referral forms has grown! The following clinics are now accepting referrals by simply writing your referral indications / details in the Comments section of your external referral: Total Cardiology, Summit Cardiology, and VITA Cardiology. See the Outpatient Referral Document for details:

3) ED COURSE: Please continue to add the .edcourse smartphrase to your primary provider notes, especially in patients who will be handed over. This remains the preferred method of incorporating all ED MD notes into a single document, which will populate Netcare.
