Tahara Bhate

Thanks for the interesting talk and sorry if I missed this - how many people are receiving ibogaine for opioid dependence in Calgary/Canada?

Just a comment about ibogaine: having done over 200 intakes of pts with OUD seeking treatment in a specialized outpt clinic, I have had only 2 pts who have endorsed ibogaine use either in Mexico or Ontario at the cat of 10000-15000 most pt when asked never heard of it

That should be cost of $10000
