

## Sessional Instructors – MDPR 604, 641, 642

### Cumming School of Medicine: Master of Precision Health (MDPR) Graduate Program

The Director of the Master of Precision Health (MDPR) Graduate Program in the Cumming School of Medicine is accepting applications for Term Certain (Spring/Summer Term 2021) **Sessional Instructors** to develop a series of graduate courses.

#### Qualifications and Experience:

- An enthusiastic and positive team player with strong interpersonal skills.
- Passionate about consumer health and building innovative products. Experience generating and executing on novel ideas.
- A history of being proactive, thorough, independent, curious, and willing to learn.
- Well organized, detail-oriented, and able to prioritize and execute multiple projects simultaneously.
- Experience and demonstrated enthusiasm for university teaching and course coordination at the graduate level.
- Experience working at the intersection of health and innovation, potentially including (but not limited to) working with intellectual property, corporate leadership, project management, clinical trials, financial evaluation, regulatory affairs and/or communication, marketing and sales.
- Experience working with, or under the auspices of, a recognized health authority (such as Alberta Health Services).
- PhD in relevant field Preferred.
- Master of Business Administration (MBA) or Systems Management (MSC) required.

The Master of Precision Health (MDPR) Graduate Program is a ladder certificate/diploma/master's professional graduate degree that provides an intensive series of courses across several specializations, including "Innovation and Entrepreneurship". MDPR courses encompass both health and business realms and are designed to prepare students for a professional engagement in a precision health-focused career.

Applicants must submit a *curriculum vitae* plus the names of three potential referees to Dr. David Anderson at the following address **no later than March 7, 2021**:

Dr. David Anderson, Director  
Master of Precision Health (MDPR) Graduate Program  
Cumming School of Medicine  
3330 Hospital Drive NW  
Calgary, AB T2N 4N1  
[david.anderson1@ucalgary.ca](mailto:david.anderson1@ucalgary.ca)

Applicants should note that strong internal candidates have been identified for these positions.

*All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. The University of Calgary respects, appreciates and encourages equity, diversity and inclusion. We strive to preserve a welcoming work setting.*
