

## **Funding Operating Standard - FGS**

## Guiding Principles

- Recognition of the contribution to graduate students own research to the research mission of the university
- Contribution to teaching and faculty research
- Student support adequate stipends allow students to devote themselves to their graduate program full-time

# **Purpose** of Funding Operating Standard

- Establish a minimum stipend for students across all programs
- Increase consistency across programs by requiring a program level funding policy
- Increase consistency within programs by ensuring similar treatment of students
- Enhance transparency for students/prospective students by requiring programs to clearly articulate the composition of funding packages

# Program level policies - MUST

- Establish a program set minimum for PhD students that meets or exceeds FGS minimum (\$18K domestic students and \$22K for international)
- Clearly articulate sources of funding
- Clearly articulate how Graduate Assistantships are treated relative to minimum funding level
- Clearly articulate impact of winning scholarship support
- Clearly articulate conditions that must be met for funding to be continued
- Remind students they are responsible for paying tuition and fees

### **Program-level funding policies** *may***:**

- establish a Program-Set Minimum Masters Funding Level
- require students to apply for major external scholarships for which they are eligible as a condition of continuing their funding
- address the timing of payments relative to meeting the Student's Guaranteed Minimum Funding Amount

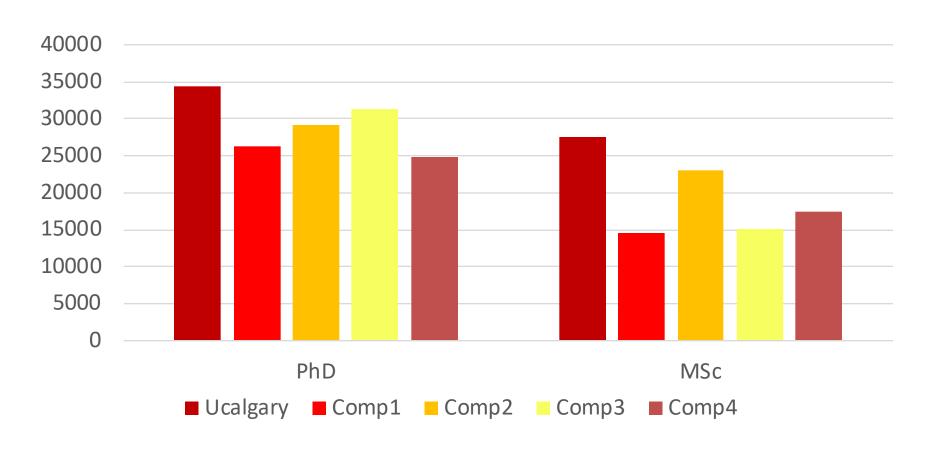

- Over the past 18 months
  - 2 Faculty of Graduate Studies Funding Retreats
  - MIIID, PP, BMB, CHS, CBA departmental meetings
  - CFD meetings
  - Multiple faculty GEC meetings graduate program directors and student representatives
  - Individual faculty and student meetings/consultations
