COURSE INFORMATION/DESCRIPTION OF THE COURSE

This course will involve an examination of history, current issues, and future trends of professions, activism, futures and academic study related to disability/mental health/chronic health conditions. Topics will include the evolving roles of those traditionally served, professionals and professionally generated teams supporting those served, and broader social and technological theories, trends and issues surrounding individuals, professionals and systems. This is an interactive, inquiry-based course to assist students to understand their current and potential contributions to the field

COURSE OBJECTIVES/LEARNING OUTCOMES

The course objectives are to:

- 1. Introduce the complexities and opportunities of a community oriented transdisciplinary program located at the intersections of professions, advocacy and the academy within a Health Faculty.
- 2. Help students locate themselves within the broad scope of lived experiences and encountered practices of persons living with disabilities, mental health issues, and/or chronic illnesses, and to envision and position themselves as leaders, innovators, and researchers.
- 3. Promote understanding of historical roots and current issues of marginalized populations and related goals of inclusive societies as well as future challenges, particularly during times of increasing political threats to service and changing potentials of science and technology.
- 4. Expand understandings of the meaning and scope of 'working with' people living with disabilities, mental illnesses, and/or chronic illnesses.
- 5. Initiate collaboration with people living with disabilities, mental illnesses, and/or chronic illnesses, leaders in service provision and activism and academics who will act as resources throughout the program.

Following completion of this course, students will be able to:

- 1. Critically examine perspectives in terms of theory, practice, and research as these relate to professions, activism and futures in community rehabilitation and disability studies.
- 2. Understand and appreciate alternative perspectives, issues and potential futures by working within contested spaces and unfamiliar potentials e.g. lack of sustainability of current services, dramatic changes in technology, changing power relationships.
- 3. Evaluate literature using the standards set within the traditions of voice, i.e. academic versus professional versus people living with disabilities, mental health issues, and/or chronic illnesses, and research and write critically including through understanding claims of knowledge and truth according to voice

CUT POINTS FOR GRADES

This course adheres to the grading system outlined in the University of Calgary, Faculty of Graduate Studies Calendar. Grades of A+ and A are not distinguished in the calculation of GPAs. Percentage/letter grade conversion used for this course is as follows

| Grade | Grade Point Value | Percentage Conversion | Graduate Description |
|-------|----------------------|--------------------------|--|
| A+ | 4.00 | 95-100 | Outstanding |
| А | 4.00 | 90-94 | Excellent – superior performance showing comprehensive understanding of the subject matter |
| A- | 3.70 | 85-89 | Very Good Performance |
| B+ | 3.30 | 77-84 | Good Performance |
| В | 3.00 | 72-76 | Satisfactory Performance |
| B- | 2.70 | 68-71 | Minimum Pass for Students in the Faculty of Graduate Studies |
| C+ | 2.30 | 63-67 | All grades below 'B-" are indicative of failure at the graduate level and cannot be counted toward Faculty of Graduate Studies course requirements |

Assessment Components: The University policy on grading related matters is outlined in the $\underline{2019-2020}$ Calendar.

| Assessment Methods | Description | Weight % | Due Date <u>and</u> Time |
|---|--|-------------|--------------------------|
| Theory-practice- research (literature review): Identify an emerging issue or innovation in the field of community rehabilitation and/or disability studies | Choose an 'issue' aligned with your own thesis interests. For example, if you are interested in supporting families, an emerging issue might be how practice (such as early intervention or adult transition planning) can be structured to be more responsive to diverse family forms (single, step, adopted, gay/lesbian, multicultural, etc.). Find a minimum of five articles that discuss your issue and summarize the discipline, methodology, central arguments and any discussions of theory that emerge. | 25% | Oct 1, 2019 6pm |
| A 5-7 page paper summarizing your | Find a minimum of five sources that discuss your preferred theoretical orientation (critical | 25% | Oct 29, 2019 6pm |

8 August 2019 Page 3 of 10

| issue and preferred theory | disability theory, feminist theory, Realist Indigenous Theory etc). Briefly discuss the evolution of your theory, strengths and limitations and how it provides a 'lens' or how it helps you understand your issue. | | |
|---|--|-----|-----------------------------------|
| Critical Review Class discussions | Each student will guide interactive class discussions on two occasions on a predetermined topic (e.g. power, language and theory, why is theory important, how does theory influence thinking, policy development or practice etc). Readings will be assigned based on the chosen topic. | 25% | Oct 22, 2019 November 19, 2019 |
| A 5-7 page Self reflection paper and presentation | Each student will construct a reflective learning portfolio identifying key insights and learnings confirming or challenging previous viewpoints and how theory will be applied in your thesis. Students will present their paper during the final class. | 25% | December 3, 2019 6pm |
| | Sample theories include critical theory, symbolic interaction theory, social cognitive theory, feminist theory, intersectionality theory and social exchange theory to name but a few. | | |
| | Each assignment will be more fully discussed via class discussions. | | |

ASSESSMENT AND EVALUATION INFORMATION

ATTENDANCE AND PARTICIPATION EXPECTATIONS:

Students are expected to attend all classes and come prepared to discuss the weekly topic and/or readings. 25% of the grade for the class is based on student interaction assignments.

GUIDELINES FOR SUBMITTING ASSIGNMENTS:

Students will submit all assignments to the instructor by email. Please add CORE 630 and to the subject line

FINAL EXAMINATIONS: There is no final exam for this class.

8 August 2019 Page 4 of 10

EXPECTATIONS FOR WRITING: Students are expected to be able to develop and apply an effective writing process, read critically, develop arguments, and use and cite sources. Some emphasis on oral presentations may be included.

LATE AND/OR MISSING ASSIGNMENTS:

Assignments are due on the specified date by 6 pm. Students who hand in assignments late will be penalized 5% per day for handing in late. Assignments that are handed in 14 calendar days or more after the due date will be refused and the students assigned a score of zero for the assignment.

- Students may hand in assignments late without penalty under the following circumstances:
 - The student has discussed the timelines with course instructor <u>in advance of the due date</u> and the course instructor has granted an extension

There is a valid health or family emergency such as is discussed under the University regulations for deferral of final examinations. Students may be required to provide the Course Coordinator with such documentation related to illness and/or emergency as is discussed and required in the University regulations pertaining to deferral of final examinations. This information can be found in the University Calendar

Is a passing grade on a particular component essential to pass the course as a whole? No

INTERNET AND ELECTRONIC COMMUNICATION DEVICE INFORMATION

Cell phones must be turned off in class unless otherwise arranged with the instructor.

The use of laptop and mobile devices is acceptable when used in a manner appropriate to the course and classroom activities. Students are to refrain from accessing websites that may be distracting for fellow learners (e.g. personal emails, Facebook, YouTube). Students are responsible for being aware of the University's Internet and email use policy, which can be found at

https://www.ucalgary.ca/policies/files/policies/electronic-communicationspolicy.pdf.

MEDIA AND RECORDING IN LEARNING ENVIRONMENTS

Media recording for lesson capture

The instructor may use media recordings to capture the delivery of a lecture. These recordings are intended to be used for lecture capture only and will not be used for any other purpose. Although the recording device will be fixed on the Instructor, in the event that incidental student participation is recorded, the instructor will ensure that any identifiable content (video or audio) is masked, or will seek consent to include the identifiable student content to making the content available on University approved platforms.

8 August 2019 Page 7 of 10

Media recording for assessment of student learning

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

Media recording for self-assessment of teaching practices

The instructor may use media recordings as a tool for self-assessment of their teaching practices. Although the recording device will be fixed on the instructor, it is possible that student participation in the course may be inadvertently captured. These recordings will be used for instructor self-assessment only and will not be used for any other purpose.

Student Recording of Lectures

Audio or video recording of lectures is prohibited except where explicit permission has been received from the instructor.

UNIVERSITY OF CALGARY POLICIES AND SUPPORTS

ACADEMIC ACCOMMODATIONS

Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services; SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit www.ucalgary.ca/access/. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor. The full policy on Student Accommodations is available at http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf

IMPORTANT INFORMATION

Any research in which students are invited to participate will be explained in class and approved by the appropriate University Research Ethics Board

INSTRUCTOR INTELLECTUAL PROPERTY

Course materials created by professor(s) (including course outlines, presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

COPYRIGHT LEGISLATION

All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright.pdf) and requirements of the copyright act (https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html) to ensure they are aware of the consequences of unauthorised sharing of course materials (including instructor notes,
