

Southbound Heliport Road Lane Closure

Temporary lane closures on southbound Heliport Rd

The next steps of Connector construction will see a temporary lane closure, southbound on Heliport Rd commencing 8am on Monday 24th February.

A single northbound lane on Heliport Rd will be maintained at all times and all of the bus routes that use this lane will be unaffected.

The temporary lane closure is expected to be in place for several months until the next phase of Connector construction is complete.

Thank you

We would like to continue to thank everyone for their patience, flexibility, support and significant contribution to the construction activities so far. These contributions are directly enabling critically important construction activities to be completed, in turn which will see us opening a much needed new Calgary Cancer Centre for our patients and families.
