PEER GROUP DISCUSSION

- Moderated by Dr. Jennifer Ference-Belhomme - special interest in Tourette syndrome and neurodevelopment disorders
- Weekly agenda reflecting a variety of issues and topics
- Opportunity to share lived experience, tips and insights
- Discuss with participants from across Canada

**Online, Monday evenings from
January 27 to March 3** (no discussion on Feb 17)
5:30pm - 7:00pm (MST)
7:30pm - 9:00pm (EST)

The group will meet each week for five sessions to discuss and listen to each other's lived experiences in relation to tic disorders and comorbid conditions. Dr. Jennifer Ference-Belhomme will moderate the discussions. She is a clinical psychologist with the Alberta Children's Hospital, and has a special interest in Tourette syndrome and neurodevelopmental disorders. Our primary aim is to share your lived experiences and provide you and your family with support and guidance.
