

Good Afternoon,

To secure the Heritage Medical Research Clinic and reduce the risk of accidental contamination, clinic access has been changed to 24/7 card access.

All study staff located in the HMRC space will be able to access the clinic space at all times using their UNICARD.

At those times when HMRC is expecting patients with a booked appointment, a screening station will be set up outside of HMRC. Arriving patients and accompanying family members will be screened before being admitted to HMRC.

Please let me know if you have any questions.

Thank you for your understanding and support.

Sabine
