

GA(T) Position – (1 Quarter)
HSOC 401 – Foundations of Social Science Method
Fall 2024 Term
Bachelor of Health Sciences Program

1 Quarter GA(T) is available for Fall 2024 HSOC 401 – Foundations of Social Science Method

Position Requirements:

One graduate student is needed to assist with HSOC 401 – Foundations of Social Science Method. This course canvasses philosophical thinking about science through the 20th Century with an eye to understanding social scientific approaches to human health. The successful applicant need not have extensive training in philosophy of science but should be familiar with debates about how science produces knowledge.

Duties will include the following:

- Assessing student presentations
- Grading and providing substantive formative and summative feedback on writing assignments

Contact:

Please send a completed [BHSc GA\(T\) application](#), a statement of interest and a CV to:

Dr. Jesse Hendrikse
