A full-time GAT position is available for **MDSC 308 – Interdisciplinary Approaches to Research** (biomedical sciences portion). This biomedical sciences portion of this undergraduate course provides an intermediate introduction to concepts in biomedical sciences and focuses on the development of critical thinking and academic writing skills.

The successful applicant will be mature, responsible, reliable, and able to meet deadlines. The candidate is preferably in their second year or higher of their masters or PhD program and has prior experience with academic writing (both at the undergraduate and graduate level).

This position requires a graduate student with excellent academic writing skills (a writing sample may be requested) and the ability to provide constructive feedback on student essays, including content, style and grammar. Outstanding organizational, verbal, and written skills are essential for success in this position.

This *grading-only* role supports Dr. Ebba Kurz in the following duties:

- grading course papers in a timely manner (one academic paper per term)
- responding to students seeking clarification on their feedback

This role does **not** involve any classroom-based teaching.

To apply, please send a completed **BHSc GA(T) Application**, a statement of interest, unofficial transcripts and CV to Dr. Kurz (kurz@ucalgary.ca).

Application deadline: Posted until filled.
