

MDSC 402 Graduate Assistant - Teaching (GAT) Position – Fall 2024
Bachelor of Health Sciences Program, Cumming School of Medicine

A one-full GAT position (Fall) and one-half (Winter 2025) is available for **MDSC 402 – Organismal Biology (in Medical Research)**. This posting is for the candidate to be able to take on a full GAT in the fall and only ½ GAT in the winter.

This undergraduate course provides an intermediate introduction to human anatomy and organismal biology and its utility in modern medical science research.

The successful applicant will be mature, responsible, reliable, and able to meet deadlines. The candidate is preferably in their second year or higher of their masters or PhD program, preferably with a specialization in medical science research and human anatomy. Students in other specializations will be considered if they can demonstrate a strong research in a biomedical lab and knowledge in human gross anatomy.

This position requires a graduate student with excellent writing skills (a writing sample may be requested) and the ability to provide constructive feedback on student essays. Outstanding organizational, verbal, and written skills are essential for success in this position. Experience with delivering online courses and/or the associated technologies is preferred.

This role supports a group of faculty in the following duties:

- grading course papers in a timely manner
- managing submissions of assignments
- providing input on online course delivery options
- managing and facilitating student questions during lectures
- supervising student lab work

To apply, please send a completed **BHSc GA(T) Application**, a statement of interest, and CV to Dr. Lian Willetts <lian.willetts@ucalgary.ca>

The deadline to apply is Monday, July 15, 2024.
