GA(T) Position – (1 half)
**MDSC 404 – Integrative Human Physiology**
Fall 2022 & Winter 2023 terms
Bachelor of Health Sciences Program

One half GA(T) is available for Fall 2022 MDSC 404 – Integrative Human Physiology

**Position Requirements:**

MDSC 404 is a full course that runs from September to April. Preference will be given to candidates who have a strong background in integrative physiology.

Duties and expectations include the following:

- The number of hours of service for the GA(T) shall average 6 hours per week over the full term of the appointment.
- The work associated with the GA(T) is to be completed within the term for which payment is being made.
- It is expected that the Teaching Assistant will attend each lecture.
- It is expected that the Teaching Assistant is knowledgeable of course material and available for students’ questions 60-minutes after each lecture for the term of the course.
- It is expected that the Teaching Assistant will update D2L and have the lecture theatre and appropriate audio-visual material ready before each face-to-face lecture.
- It is expected that the Teaching Assistant will assist in writing the exams as required by the Course Coordinator. As well, the Teaching Assistant will administer and proctor each exam and assist with marking exams if required by the Course Coordinator.
