Funding Opportunity: Alberta Innovates Accelerating Innovations into CarE (AICE) – Concepts Program

Alberta Innovates: Accelerating Innovations into CarE (AICE) – Concepts Program

The Alberta Innovates Accelerating Innovations into CarE (AICE) – Concepts program will be delivered in a series of closed-call streams that are designed to support early-stage innovation in emerging fields of health that are highly relevant to Alberta and support their progression to commercialization. The first stream addresses three priority areas within the field of **precision health** aimed to optimize clinical decisions and maximize health benefits. See the [Program Guide](#) for full competition details.

Deadlines		
Registration	December 7 at 4:00pm MST	No internal deadline
RSO Final Internal Application Deadline	January 4 at 12:00pm MST	Approvals through RMS
Funding Start Date	March 31 2021	

Value and Term:

- \$600,000 for up to 36 months

Priority Areas:

All projects must address at least one clearly defined challenge that is relevant to the following precision health priority areas:

- Disease prevention
 - Social determinants of health
- Diagnostics
 - Medical imaging analysis;
 - Biomarker-based predictive, companion, or prognostic bioassays;

- Omics-based bioinformatics
- Personalized therapeutics:
 - Real-world evidence (i.e., patient outcomes to inform clinical decisions);
 - Personalized drug screening or repurposing; or
 - Digital therapeutics (e.g., simulations, extended reality modalities).

Health Innovation Domains:

All projects must address at least one health innovation domain within the **idea generation** and **proof of concept** stages of the **health innovation cycle**.

- **Idea Generation:** Potential solutions to health system problems/needs described, evaluated and selected
- **Proof Of Concept:** Key component concepts validated in models and value proposition tested

Application: Registration is a summary and is not reviewed. See **application template** for the full application.

*For more information, or if you're planning to apply, please contact **Clint Westgard** in the Grant Development Office.*
