

Modified Rankin Score (mRS)

Collection Date:

dd		Mon		yyyy			

The Modified Rankin Score (mRS) measures the degree of functional neurological disability after a stroke. This scale can be assessed in person or by telephone with the patient or caregiver. Minimum: 0, Maximum: 6 (lower is better).

Collection Method:

Telephone In-Person

Person Responding:

Patient Spouse/Partner
 Carer Relative
 Other: *Specify* _____

<p>1) Has the patient died?</p> <p>If 'Yes', mRS is 6; do not answer any more questions. If 'No', proceed to question 2.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>2) Can the patient walk on their own (i.e. without the assistance of another person, but may include walking aid)?</p> <p>If 'Yes', proceed to question 4. If 'No', proceed to question 3.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown</p>
<p>3) If the patient can't walk on their own, can they walk if someone is helping them?</p> <p>If 'Yes', the mRS is 4; do not answer any more questions. If 'No', the mRS is 5; do not answer any more questions.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown</p>
<p>4) If the patient can walk on their own, do they need help with simple usual personal activities (toilet, bathing, dressing, cooking, household tasks, simple finances)?</p> <p>If 'Yes', the mRS is 3; do not answer any more questions. If 'No', proceed to question 5.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown</p>
<p>5) If the patient can perform simple personal activities, do they need help with more complex usual activities (driving, golf, finances, household bills, work tasks)?</p> <p>If 'Yes', the mRS is 2; do not answer any more questions. If 'No', proceed to question 6.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown</p>
<p>6) If the patient has no disability, do they have any symptoms?</p> <p>If 'Yes', the mRS is 1. If 'No', the mRS is 0.</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown</p>
