Research Services External Grants Review Times

To Faculty in the Cumming School of Medicine:

By now should have received the message below from Research Services Office (RSO) regarding a required revision to the minimal time required for RSO to provide internal review of submitted grants - from 2-business days to 3-business days before an agency deadline. To clarify, any funding opportunity that is already listed in the RSO funding calendar

(<https://ucalgary.ca/research/researchers/funding-opportunities/deadline-calendar>)

will continue to have a 2-business day internal deadline. You can visit the calendar, search for the opportunity you are applying for and confirm the internal deadline (as well as process for applying). If you do not find the opportunity you are intending to apply to, and it has already launched, please reach out to rsogrants@ucalgary.ca to have it added now. **Opportunities that are added to the RSO funding calendar after February 1st will have a 3-business day internal deadline.** As always you can check the RSO funding calendar for confirmation of internal deadlines.

Ray W Turner
Associate Dean Research Grants
Cumming School of Medicine

Dear colleagues,

The External Grants Team in Research Services is continuing to experience high volumes of grant applications coupled with lower than normal staff resources.

To ensure we can continue to offer basic review support, we will be moving to a 3-business day internal deadline for basic review (currently 2-business day internal deadline).

As of February 1, all new competitions which run through the External Grants Team will now include a 3-business day internal deadline requirement.

For an overview of the competitions the External Grants Team manages, please visit: <https://research.ucalgary.ca/conduct-research/funding/apply-grants/external-grants>.

Your patience and understanding at this time is appreciated.

Thank you

Dr. Robert I. Thompson

Associate Vice-President (Research)
