Funding Opportunities

[Pre-Announcement: CIHR—Healthy Cities Implementation Science \(Team Grant\)](#)

Through this competition, CIHR will support interdisciplinary teams implementing and evaluating interventions in diverse urban contexts with the goal of improving health and health equity. Up to 18 LOIs will be funded (\$25k development grants) and at least 6 Full Applications will be funded. Those funded will be awarded \$3M each, over 6 years, but applicants can apply for up to an additional \$3M from the Public Health Agency of Canada as well. At least 1 project in each of the CIHR thematic research areas will be supported. This competition will launch this spring, with deadlines still TBA.

More info [here](#).

[Allianz Climate Risk Research Award](#)

Please note: This opportunity is not administered through the Research Services Office.

Allianz Climate Risk Research Award

Type: Research award

Organization: Allianz

Country: Germany

Timeline: TBA

Strategic Areas: Climate change; Extreme weather; Disaster risk resilience; Risk management

Dollar Value: EUR €2,000 to €7,000

Next call for applications: June 2021

Summary: *The Allianz Climate Risk Research Award acknowledges and rewards young scientists whose works shed light on the nexus between climate change and the extreme weather events that threaten millions of livelihoods and present ways these populations could be better protected. It targets PhD candidates and Post-Doctoral researchers whose research focuses on: (i) Reducing the risk of extreme weather events that are intensified by climate change; (ii) Fostering resilience by applying technological solutions.*

OADR Grant Development Office Webinar

Finding research success as a clinician-researcher

Friday, April 30th, 2021

1:00 – 2:30 pm

[Register](#)

Dr. Nowell Fine, Clinical Director, Libin Cardiovascular Institute will provide a brief overview of how Libin is supporting clinician-researchers through their new academic mentorship program.

This will be followed by a panel discussion about the challenges and opportunities clinician-researchers face, particularly as they relate to grant development. Our panel will also discuss how clinicians can turn clinical questions into research projects and answer questions from the audience.

Moderator: Dr. Sofia Ahmed, Professor, Medicine

Panelists:

- Dr. Carla Coffin, Associate Professor, Medicine
- Dr. Zahra Goodarzi, Assistant Professor, Medicine
- Dr. Satish Raj, Professor, Cardiac Sciences
- Dr. Bryan Yipp, Associate Professor, Critical Care Medicine

Questions for our panelists or about this webinar? Contact Brandi Povitz (brandi.povitz@ucalgary.ca).

LOI Notifications in RMS

The Research Management System will now deliver Letter of Intent (LOI) Notifications to your email.

These email notifications are similar to those that RMS users are already familiar with, such as:

- Submitted for Approval
- Invited for Full Application
- Pending PI Information
- Notice of Decision Alert
- Approved for submission to agency

Please visit the RMS website for support options: research.ucalgary.ca/rms
