

The Centre for Mobility and Joint Health

The Centre for Mobility and Joint Health (MoJo) is now open to support approved research initiatives. We are a research focused imaging facility offering scans by professional Medical Radiation Technologists on DXAs, CT, X-ray, and Extremity MRI. We also offer specialty equipment not used in clinical care, such as XCT and pqCT. [Visit our website for more information.](#)

Please follow the [approval process outlined on the CSM website](#) to have your study reviewed by the University. Once your project is approved, please contact us at mojo@ucalgary.ca to proceed with your project.
