Calgary Centre for Clinical Research

International Clinical Trials Day

Join Us for International Clinical Trials Day!

International [Clinical Trials Day](#) is celebrated every May to mark the anniversary of the first clinical trial by James Lind in 1747 and to honor clinical trial professionals and those participating in clinical trials.

The Clinical Trials Office (CTO) wants to celebrate the work you do in support of clinical trials. We invite you to join us for a morning of networking, food, fun and games, and even prizes!

**On May 18th from 11am to 1pm
In Theatre 1 and the HSC Atrium**

Join us in celebrating our clinical trial community and the difference their work is making for patients in Alberta, Canada, and around the world.

“Clinical trials are fundamental to major advances in healthcare.”

Dr. Stephen Freedman, Associate Dean, Clinical Trials

Please register early so we can estimate catering.
