

CIHR Clinical Trials Funding: Pre-Submission Grant Opportunity

The Government of Canada announced a [\\$250 Million investment](#) over three years for the Canadian Institutes of Health Research (CIHR) to increase clinical research capacity through a new fund – the [Clinical Trial Fund](#) (CTF). The goal of this investment will be to establish the foundation for a sustainable clinical trials ecosystem in Canada. While details have not yet been announced, a total of \$120 Million will be allocated to project grants to support an array of clinical trial phases, design, and objectives across a broad range of health research areas.

To support clinical trial research at the University of Calgary, the Vice President Research, the Cumming School of Medicine and AHS through the [Clinical Research Fund](#) (CRF) are offering an internal competition for Pre-Submission/Planning/Data Collection grants of up to \$10,000 to strengthen a forthcoming application to the [CIHR CTF project funding opportunity](#).

Eligible applicants must be CSM faculty members and eligible to hold CIHR grants as well as a CRF grant as the nominated principal applicant. The University of Calgary must be listed as the institution paid on the CIHR application.

In order to be considered eligible, a Pre-submission/Planning/Data Collection proposal must aim to produce work that will be used in a clinical trial project application to the CIHR Clinical Trial Fund. The application to the CIHR Clinical Trial Fund must align with Canada's [Biomufacturing and Life Sciences Strategy](#).

To learn more about this funding opportunity and access the online application form, please visit the [Clinical Research Fund](#) page.

The deadline for applications to this competition is:

June 15th, 2022

For questions related to the funding please contact amanda.wagner@ucalgary.ca.
