

Hello,

Please see details below for the next Health Research Platform Strategy Lunch & Learn taking place on **May 25** at **12pm**:

Topic 1: “The Regulatory Framework – In a CoVID-19 world”

Speaker: Linda Longpre - Quality Assurance and Regulatory Compliance Specialist, University of Calgary

Overview/Objectives:

- To provide an overview of the Health Canada and FDA guidance for clinical research during COVID-19
- To discuss and answer questions about running a clinical trial during COVID-19

Topic 2: “Guidance and supports for clinical research during the COVID-19 pandemic”

Speaker: Sabine Moritz – Director - Clinical, Health Services and Population Health Research, Cumming School of Medicine, University of Calgary

Overview/Objectives:

- To provide an overview of guidance and supports available to clinical research teams during the COVID-19 pandemic
- To provide a forum for clinical research teams to raise questions and share specific needs during the COVID-19 pandemic
