# OnCore-PeopleSoft Invoicing Integration

---

The OnCore Clinical Trial Management System (CTMS) is integrated with PeopleSoft at the University of Calgary. When you use the CTMS to track your study activities, you can:

- Easily add billable items to an invoice in OnCore
- Skip the invoice request form by sending information directly to PeopleSoft
- Get your invoice approved and emailed to your sponsor automatically

If you are using the CTMS and have not configured your protocols to use the PeopleSoft Invoicing Integration, please email [oncoresupport@ucalgary.ca](mailto:oncoresupport@ucalgary.ca)

If you are not yet using the CTMS and would like to learn more, please visit the [CCCR Website](#).
