Funding Agency: The Health Foundation  
Role: Researcher  
Responsibilities: Data analysis (NVivo); Manuscript Production
- Coroners and the Biopolitics of Life and Death – University of Toronto** 2007-2010  
Funding Agency: Social Sciences and Humanities Research Council Standard Grant  
Role: Researcher  
Responsibilities: Site recruitment; Ethnographic fieldwork and methods development at multiple field sites in Canada; Data analysis (NVivo); Manuscript Production (EndNote)
- Coroners and the Biopolitics of Life and Death – University of Toronto** 2005 Summer  
Funding Agency: Social Sciences and Humanities Research Council Standard Grant  
Role: Researcher  
Responsibilities: Site recruitment; Ethnographic fieldwork and methods development; Data analysis (NVivo); Manuscript Production (EndNote)

## Internal Consulting Experience

<p><b>Patient Experience Disparities Consultant</b> -Suburban Hospital, Bethesda, MD, USA            Conduct interviews and observations of hip and knee replacement patients and their care to identify systematic differences in the care experience and satisfaction of Johns Hopkins surgery patients and Kaiser Permanente surgery patients at the Suburban Hospital. While cared for in the same beds, HCAHPS scores suggest KP patients are significantly more satisfied with their experience than JH patients. TASK: After performing field work in Suburban Hospital, produce actionable reports and program-redesign recommendations for Suburban Hospital CNO.</p>	2015-Ongoing
<p><b>Quality and Safety Consultant</b>— Saudi Aramco-Johns Hopkins Hospital, Dhahran, Saudi Arabia            Conduct a culture scan and assessment of barriers to the successful implementation of quality and safety improvement interventions. TASK: After conducting interviews and observations of patients, front line staff, clinical leaders, and executive leaders to understand culture and context, produce actionable quality improvement reports for SAJHH quality leaders and staff.</p>	2015
<p><b>Peer-to-Peer Assessor</b> —Johns Hopkins Health System, Maryland and DC, USA            Integrate with multi-disciplinary peer-to-peer assessment team to interview and observe senior management, clinical leadership, and front line staff in hospitals across the Johns Hopkins Health System. Rapidly cycle interviews and observations into presentations and reports as feedback for improvement and learning.</p>	2014-Ongoing
<p><b>Teamwork Consultant</b> —Centers for Disease Control, Atlanta, GA, USA            Integrate with multi-disciplinary team to interpret CDC Guidelines for the donning and doffing of Personal Protective Equipment. Lead the creation of text and video content for the Trained Observer module</p>	2014 Autumn
<p><b>Internal Consultant</b> —Johns Hopkins Hospital, Baltimore, MD, USA            Integrate with internal quality and safety team and arms-length investigation into a recent critical incident at JHH. ‘Speaking Out’ Investigation focused on cultural barriers to reporting error and inappropriate behavior. Conduct qualitative analysis of ‘high priority’ culture survey responses; Follow up with ‘deep dive’ analysis, report writing, and intervention design</p>	2014-2015
