

# Simerta Gill

Practicum Student | Fall 2023-2024

Hello everyone! My name is Simerta Gill, I am a fourth-year student at the University of Calgary, and I am pursuing my degree in Community Rehabilitation and Disability Studies. This year, I have the incredible opportunity to join the Radical Mental Health Doula project as a practicum student. I am truly excited to collaborate with this amazing team and contribute to their work throughout the school year. Besides my academic pursuits, I have a keen interest in baking, reading, and solving puzzles. I can't wait to embark on this journey and make the most of this valuable experience!.
