

## **Disability Tax Credit for Children With Type 1 Diabetes**

The **Disability Tax Credit (DTC)** is a federal tax credit that can help families reduce the amount of income tax they have to pay and can also open access to other programs like the **Registered Disability Savings Plan (RDSP)**.

The **DTC** recognizes the ongoing medical care required to keep children with Type 1 diabetes healthy.

### **How to Apply:**

1-Complete **Form 2201** (Disability Tax Credit Certificate- Part A)on the **Canada Revenue Agency** website.

2-Email the code generated and send to [achdiabetesclinic@ahs.ca](mailto:achdiabetesclinic@ahs.ca) and one of the endocrinologists will complete Part B,
