

Discontinuation of the Omnipod® Insulin Management System

The Omnipod Insulin Management System, including both the Personal Diabetes Manager (PDM) and the Pod that work with the Omnipod System, **will no longer be available in Canada after June 30, 2026.**

Personal Diabetes Manager (PDM) and the Pod
Omnipod Insulin Management System

At Insulet, we are committed to helping simplify diabetes care for patients and healthcare professionals. As we continue to innovate and expand our Omnipod offerings, we have decided to discontinue the original Omnipod Insulin Management System as of June 30, 2026.

If you have patients who are currently using this system, please reach out to them to discuss their treatment options as soon as possible.

Insulet will also be contacting current users of the Omnipod Insulin Management System to keep them informed of important dates and ensure a smooth transition process.

HOW CAN WE HELP YOU SUPPORT YOUR PATIENTS?

Information for healthcare professionals

While the choice of a replacement treatment is up to you and your patient, Insulet offers a like-for-like option with the Omnipod DASH® Insulin Management System, or you may consider the Omnipod® 5 Automated Insulin Delivery System. Visit the website to find out more about Omnipod technology and products.

Information for patients

If you would like to offer your patients further information about the discontinuation, including key dates, you can direct them to our patient website and FAQs.

If you have any questions about this discontinuation, please reach out to your local Omnipod representative – we're happy to help! Alternatively, you may call our Customer Care team at **1-855-POD-INFO** or email at **eros@insulet.com**.
