

Juicebox Junkies Children's Choir is Noted Music Studio's Director/Notations Children's Glee Club Choir/voice/piano teacher's newest Children's Choir for Type 1 Diabetes kids ages 6-16. Being a mother of a recently diagnosed T1D 6 year old (Dec 2024) wanted to offer a safe space for kiddos with T1D that is inclusive and a place where beeps will always be acknowledged and never have to feel self conscious about. In fact, half way through the rehearsals each time, we will have a monitor check or a blood glucose check for those doing finger pokes. Apple juice, rockets and skittles will always be on hand.

Kids will learn Disney, Pop and Musical Theatre songs in 2-part harmony over the course of 5-weeks with a mini performance at the end and some songs will have some simple choreographed dance moves. Absolutely no singing experience necessary. Singers will learn basics of vocal technique through music games and exercises. Rehearsals are held at Citadel Community Association, 870 Citadel Drive, NW, Calgary Sundays 6:30pm - 7:30pm starting Sunday May 4th. Early bird \$145 a person includes t-shirt till April 8th. After April 8th the price is \$175 a person.
