

USEFUL PUMP SOFTWARE REPORTS

Once you download your pump, there are many pump reports available. It can be overwhelming to know which ones to print and how to interpret them. In preparation for clinic visit, please print the following and bring to your clinic appointment.

Medtronic: Carelink Reports

1. Quick Review Summary
2. Device Settings
3. Logbook Diary (last 2 weeks)
4. Trends Summary
5. Sensor Daily Overlay (if using continuous glucose monitoring)

Animas & Omnipod: Diasend Reports

1. Glucose Standard Day
2. Diasend Logbook (last 2 weeks)
3. Insulin Week by Week
4. Bolus Adherence
5. Pump Settings
6. Comparison
7. Compilation
