Re: Medical Student Vaccinations

To Whom it May Concern

The bearer of this letter is currently an active student in the MD program at the Cumming School of Medicine. The MD program involves clinical exposure and patient care longitudinally throughout the curriculum. As such, medical students are in phase 2C of the Alberta vaccination roll out and should qualify for vaccination during this phase.

Sincerely,

Kevin Busche BSc, MD, FRCPC
Assistant Professor
Department of Clinical Neurosciences
Assistant Dean, Undergraduate Medical Education
Cumming School of Medicine
