

PRE-CLERKSHIP COMMITTEE (PCC)

TERMS OF REFERENCE

1. ESTABLISHMENT

The Undergraduate Medical Education Committee (**UMEC**) hereby establishes a standing committee called the Pre-Clerkship Committee (the **PCC**).

2. ROLE

The PCC designs the content, components and delivery of the Undergraduate Medical Education (**UME**) pre-clerkship curriculum in keeping with the goals, objectives and philosophy of the University of Calgary's Cumming School of Medicine, in a manner that meets or exceeds accreditation standards.

3. RESPONSIBILITIES

The PCC reports to the UMEC, in addition to an annual report of activities, specific items will be reported:

- Policy changes;
- Changes affecting the *Graduation Educational Objectives and Competencies*;
- Decisions significantly altering the curricular plan or affecting other subcommittees;
- Changes to the membership structure, including roles and responsibilities, and the addition or removal of membership roles; and
- Any other issue unresolved at PCC.

4. DUTIES

The PCC will fulfill its role primarily by carrying out the duties enumerated below. The listed duties shall be the common, recurring activities of the PCC; however, the PCC may carry out such additional duties as are necessary or appropriate for the performance of its role. The PCC's primary duties are as follows:

1. Reviewing and ensuring inclusion of the institutional outcome objectives for the educational program within the individual course objectives;
2. Ensuring clinical presentations, their objectives, and the scheme approach to problem solving assigned to courses are adequately addressed by individual courses;
3. Ensuring the accreditation standards specifically focused on pre-clerkship education are met;
4. Ensuring use of appropriate methods to evaluate student performance (knowledge, skills, and attitudes) in keeping with recommendations from the Student Evaluation Committee (**SEC**);
5. Monitoring course and teaching quality, and where necessary assisting in the design and implementation of faculty development opportunities for individuals or groups;
6. Evaluating curriculum outcome measures and making recommendations to UMEC for curricular improvement;
7. Development and implementation of initiatives in Medical Education Research; and
8. Serve as a forum where faculty and students can raise concerns and make suggestions about the medical school curriculum and experience.
