Course Description

Please refer to the University Calendar:

<http://www.ucalgary.ca/pubs/calendar/current/medicine.html#8554>

Due to the effects of COVID-19, the MD program pre-clerkship curriculum has been modified to comply with University of Calgary COVID-19 regulations.

Course large group content is being delivered online as a combination of podcasts and live events via Zoom.

Small groups are also delivered via Zoom.

Midterm exams/quizzes will be written online via Dolphin.

Final MCQ examinations will be written in person following UME protocols for exams which include the use of multiple theatres (no more than 30% capacity), spaced seating ensuring appropriate social distancing of students and the use of PPE by all parties during the exam.

OSCE examinations will also be in person and adhere to CSM approved UME social distancing and PPE protocols.

As of September 1, 2020, the curriculum will be mixed delivery which will include some in-person teaching for hands-on skills that cannot be taught via online means.

These include courses/units such as Physical Exam, Procedural Skills, Communications, as well as clinical teaching such as clinical correlation, electives, and Family Medicine Clinical Experience.

For these events, students will be individually assigned or in small groups and adhere to social distancing and PPE regulations as outlined by UME.

Prerequisites

Evaluation and Course Requirements

Course Requirements

1. Attendance Orientation all students must attend orientation, **April 7, 2021** unless excused as per UME policy.
2. Attendance Clinical Experiences
Urban:
Students in the urban stream have 3 designated half day clinics Wednesdays am or pm, or occasionally on other days (**during IST time only**). It is up to each student preceptor pair to

reschedule the clinical experience if times must be changed.

- April 14, 2021;
- May 12, 2021; &
- June 9, 2021

Rural:

Students in the rural stream have 2 - 3 clinics to be scheduled within the above three dates. To reduce travelling time and ensure equivalent clinical experiences each clinic must be **5.5 or more hours** in length. Students are expected to interact with patients and preceptors until the clinic is finished. It is up to each student preceptor pair to reschedule the clinical experience if times have to be changed.

3. SOAP Notes: 1 - 2 SOAP notes per clinic. Total 3 over the course.

- Pay particular attention to developing an assessment and plan.
- Ask preceptor to review SOAP note and your clinical reasoning to refine assessment and plans particular attention to developing an assessment and plan.
- Ask preceptor to review SOAP note and your clinical reasoning to refine assessment and plans.
- Some preceptors may teach how to present a patient history. This is a valuable skill to learn but is not a course requirement.

4. Mid-Point and Final ITERs – Students must have both ITERs completed with a satisfactory final ITER in order to pass this course. Satisfactory requires attendance at all sessions, completion of all required SOAP notes to acceptable standards and acting in a professional manner including preparation and participation.

- Review and sign 1 SOAP note,
- Fill in mid ITER online after 1st clinic.
- Review and sign 2 further SOAP notes by final clinic. Complete Final ITER online after final clinic.

Course Evaluation

1. Mid-Point ITER – All primary preceptors will receive a notification to complete students' mid-point ITERs via One45. When the student receives the Mid-Point ITER electronically it is the student's responsibility to forward to the preceptor for completion at the end of the first session. It is the student's responsibility to ensure the evaluation is completed and submitted by the preceptor.

This must be completed and submitted before **June 9, 2021**.

2. Final ITER - All primary preceptors will receive a notification to complete students' final ITERs via One45 in June. This must be completed and submitted before **July 9, 2021**.

Mid-point ITER must be complete and the final ITER must be at a satisfactory level or greater in order for the student to pass this course.

Preceptor Evaluation

Students are asked to complete a preceptor evaluation at the end of the course.

Assessment Dates

The assessment dates provided in the Evaluation and Course Requirements may be subject to change due to circumstances beyond the MD Program's control. In the event that an assessment date must be changed notification of the change will be emailed to the student by the evaluation team and posted on Osler. Students will be given as much notice of the assessment date change as possible.

Grading	
The University of Calgary Medical Doctor Program is a Pass/Fail program. The grading system that will appear on a student's legal transcript is as follows:	
Grade	Description
CR	Completed Requirements
RM	Remedial Work Required
F	Fail
I	Incomplete
W	Withdrawal
MT	Multi-Term (Used for Part A Courses that fall under 2 different terms in the calendar year.)
For Pre-Clerkship - A student's final grade for the course is the sum of the separate components. It is not necessary to pass each mandatory component(s) separately in order to pass the course.	

Assignments/Projects
The following criteria shall generally apply to all written assignments. Faculty responsible for grading specific assignments may add additional criteria.

Timeliness
In general, dates listed in Core Documents are intended to act as guidelines for assisting students to complete their learning activities and assignments in a timely fashion. Students encountering difficulties completing assignments due to health or other serious factors must contact the Course Chair to arrange a deferral of term work. A Physician/Counsellor Statement to confirm an absence for health reasons may be required.

Professional Conduct
As members of the University community, students and staff are expected to demonstrate conduct that is consistent with the University of Calgary Calendar. The specific expectations cited in the Calendar include: <ul style="list-style-type: none"> • respect for the dignity of all persons • fair and equitable treatment of individuals in our diverse community • personal integrity and trustworthiness • respect for academic freedom, and • respect for personal and University (or Host Institution) property. <p>Students and staff are expected to model behaviour in class that is consistent with our professional values and ethics. Students and staff are also expected to demonstrate professional behaviour in class that promotes and maintains a positive and productive learning environment. All students and staff are also expected to respect, appreciate, and encourage expression of diverse world views and perspectives. All members of the University community are expected to offer their fellow community members unconditional respect and constructive feedback. While critical thought, and debate, is valued in response to concepts and opinions shared in class, feedback must at all times be focused on the ideas or opinions shared and not on the person who has stated them.</p>

Where a breach of an above mentioned expectation occurs in class, the incident should be reported immediately to the Associate Dean or his/her designate. As stated in the University Calendar, students who seriously breach these guidelines may be subject to a range of penalties ranging from receiving a failing grade in an assignment to expulsion from the University.

University of Calgary Medical School – Student Code of Conduct

<https://cumming.ucalgary.ca/mdprogram/current-students/pre-clerkship-year-1-2/student-code-conduct>

Electronic Submission of Course Work

Most assignments will be submitted via email to the Program Coordinator, UME unless otherwise stated. Assignments may be submitted in MS Word or Rich Text formats. It is the student's responsibility to confirm with the Program Coordinator that the assignment has been received. This may be done through utilization of the return receipt function available on most email packages, or by a follow up confirmation email to the Program Coordinator.

It is the Program Coordinator's responsibility to reply to any confirmation email from the student, and to inform the student promptly if there are any problems with the file (unable to open attachment, damaged data, etc.). In such cases, it is the responsibility of the student to promptly consult with the Program Coordinator regarding an alternate delivery method (e.g. courier, fax, etc.). It is the student's responsibility to retain a copy of the original document.

One45 Overview

The MD Program utilizes the One45 Software Program for assessment purposes for all evaluations in Year 1, 2 and 3. Students are able to view completed evaluations online through this software program. Evaluations and assessment data are collected at regular intervals.

It is the student's responsibility to distribute their evaluations to preceptors during any given course and to follow up with preceptors if evaluations have not been completed by the deadline given out by the Undergraduate Medical Education Office.

In addition to assessments and evaluations, One45 is also utilized to evaluate your preceptors and to gather information from students on their learning experiences.

All students are provided training at the beginning of their program in Year 1. This would include a personal log in access code and password.

One45 is used throughout your training in the MD Program (Undergrad) as well as Residency (PGME).

Problems Accessing One45: Please contact the Academic Technologies at osler@ucalgary.ca

Course Evaluation/Feedback

Student feedback will be sought at the end of each learning session as well as at the end of each course through the electronic UME evaluation tool.

At the end of each learning activity (i.e. Lecture, small group, orientations, etc.), students will be asked to complete online evaluation forms to provide feedback to instructors regarding the effectiveness of their teaching and achievement of the learning objectives. An overall course evaluation will be completed following course completion.

Students are welcome to discuss the process and content of the course at any time with the Course Chairs or Preceptors.

Clinical Core Overview (Pre-Clerkship Only)

Please refer to the Clinical Correlation Guidelines here:
<https://cumming.ucalgary.ca/mdprogram/about/governance/policies>

Course specific learning objectives for Clinical Core in the setting of this course can be found in the course document.

Clinical Correlation Rules of Conduct

Students and preceptors will not be used as patients for clinical correlation sessions. This means that students will not examine the preceptor, the preceptor will not examine the students and students will not examine one another.

UME Policies, Guidelines, Forms & TORs

Please refer to the MD program website
<https://cumming.ucalgary.ca/mdprogram/about/governance>

Appeals

Please refer to the UME Student Evaluation: Reappraisals and Appeals for details regarding appeals
<https://cumming.ucalgary.ca/mdprogram/about/governance/policies>

If the student disagrees with the decision of the UME Student Evaluation Committee, the student may appeal that decision to the UME University Faculty Appeals Committee. Please refer to the [CSM UME Academic Assessment and Graded Term Work Procedures](#) for procedure for appeals.

Academic Accommodation

Students needing an accommodation because of a disability or medical condition should contact Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities available at https://www.ucalgary.ca/policies/files/policies/procedure-for-accommodations-for-students-with-disabilities_0.pdf.

Student Accessibility Services, please contact their office at (403) 220-8237, address: MacEwan Student Centre room 452 or email: access@ucalgary.ca. Students who have not registered with the Student Accessibility Services are not eligible for formal academic accommodation.

Accommodations on Protected Grounds Other Than Disability

Students who require an accommodation in relation to their coursework or to fulfil requirements for a graduate degree, based on a protected ground other than disability, should communicate this need, preferably in writing, to the appropriate Assistant or Associate Dean

Students who require an accommodation unrelated to their coursework, based on a protected ground other than disability, should communicate this need, preferably in writing, to the Vice-Provost (Student Experience).

For additional information on support services and accommodations for students with disabilities, visit <https://live-ucalgary.ucalgary.ca/student-services/access>

Academic Integrity

The University of Calgary is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect.

It is expected that all work submitted in assignments should be the student's own work, written expressly by the student for this particular course. Students are referred to the section on plagiarism in the University Calendar (<http://www.ucalgary.ca/pubs/calendar/current/k-5.html>) and are reminded that plagiarism is an extremely serious academic offence.

Student Misconduct

A single offence of cheating, plagiarism, or other academic misconduct, on term work, tests, or final examinations, etc., may lead to disciplinary probation or a student's suspension or expulsion from the faculty by the Dean, if it is determined that the offence warrants such action. A student is defined as any person registered at the University for credit or non-credit courses.

Freedom of Information and Protection of Privacy

The Freedom of Information and Protection of Privacy (FOIP) Act indicates that assignments given by you to your course instructor will remain confidential unless otherwise stated before submission. The assignment cannot be returned to anyone else without your express permission. Similarly, any information about yourself that you share with your course instructor will not be given to anyone else without your permission.

Emergency Evacuations and Assembly Points

Assembly points for emergencies have been identified across campus. The primary assembly point for the Health Sciences Centre (HSC) building is HRIC - Atrium. For more information, see the University of Calgary's Emergency Management website: <https://www.ucalgary.ca/risk/emergency-management/evac-drills-assembly-points/assembly-points>

Emergency Evacuation Procedures- <https://www.ucalgary.ca/risk/emergency-management/plans-and-procedures>. In the case of an emergency during exam, immediately stop writing the examination and follow the direction of the invigilator and go to the nearest exit. Students should not gather personal belongings.

Internet and electronic device information and responsible use:

Students are welcome to use laptops and other electronic note-taking devices in this course unless otherwise stated. Please be considerate of others when using these devices.
