

How to Download our Images

Proper device technique is a very important part of getting control of asthma. Photos in the media may often display incorrect technique. With the intent to promote proper device technique, we have taken a series of our own photos. These images in this package are free of charge for all private, educational or commercial use.

If you need higher resolution images than posted, please [email](#) us.

1. Find the image you want to download by viewing all pages.
2. Once you have found the image, right click on the image, and choose "Save Image As...". (See screen shot²)
3. This will download the image to the location you choose.
