

Building
Understanding.
**Shaping
Innovation.**

**Pioneering
new ways** to
advance nutrition
science globally.

The Nestlé Nutrition
Institute was established
in 1981 with the
goal to advance the
science of nutrition.

And today, we
still follow **a clear
and ambitious
global vision:**

To bring nutrition science
to life, through the people
who live it by sharing
valuable knowledge with
practicing Health Care
Professionals and the wider
nutrition community in
all parts of the world.

You can access all our resources –
free of charge – through our 19 websites,
available in 12 languages:

[nestlenutrition-institute.org](https://www.nestlenutrition-institute.org)

and join the conversation on Twitter,
Facebook, LinkedIn and YouTube

We are committed to
**generating exciting
discussion and
generating thoughtful
debate** within the
scientific community.

Our unique and lively workshops
are streamed live and available on
demand for you to keep up to date
with the latest science in nutrition.

We are dedicated to **educating and building capabilities of healthcare professionals working on the front line** – increasing the positive impact of nutrition across the globe.

Our exclusive accredited e-learning programs provide practical guidance on the nutrition of infants and children.

We play a **key role**
in the global scientific
conversation.

We offer registered members,
free access to more than
3,000 articles available
for download in full, and
hundreds of exclusive video
presentations from the world's
renowned nutrition experts.

We are proud to
**support healthcare
professionals**
in their clinical
practices.

We make available relevant
and practical content
including infographics and
presentation slides that
provide a critical link to the
wider nutrition community.

Register today.

to join over 300,000 elite
members and enjoy access
to all our resources at;
