UofC.CME

@CME_UofC

The Office of Continuing Medical Education and Professional Development is committed to providing excellence in continuing medical education programming for physicians and other healthcare providers.

This brochure includes a listing and brief description of confirmed courses as of publication date. Please visit cumming.ucalgary.ca/cme for an up-to-date listing of course offerings and specific course brochures.

Face to Face, Online and Blended courses offered through the office of CME&PD:

- are evidence-based, objective and balanced
- meet accepted standards of scientific integrity
- have specific learning objectives for participants
- are developed by planning committees comprised of individuals from relevant backgrounds
- are provided for both general practitioners and specialists, as well as other healthcare providers
- are derived from needs assessments generated from the perceived needs of the target audiences and the unperceived needs from environmental scans
- provide diverse opportunities for learning in both face to face and online environments
- provide credits towards continuing medical education requirements

SEPTEMBER 12, 2018 – MARCH 13, 2019

Wednesday Evenings | 7:30-9:30 p.m. MST

Evening Course for Primary Care – Fall 2018 / Winter 2019

FACE TO FACE AND ONLINE

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | RESIDENTS | NP | RPH | OHP

Evening Course for Primary Care provides practice pearls that can be used every day. Sessions are relevant, practical and evidence-informed. This course supports the development of an informal inter-professional community of practice where learners are equipped to review the diagnosis and management of problems commonly seen in Family Medicine.

SEPTEMBER 21, 2018

Medico-Legal Workshop for Physicians

Alberta Sexual Assault Course and Conference Pre-Workshop

O'Brien Centre, Foothills Campus, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | NP | RN (SANE) CALLED TO TESTIFY OR PROVIDE DOCUMENTATION IN CASES OF SEXUAL VIOLENCE

This intensive workshop is for physicians providing legal opinion, documentation and expert testimony in cases involving sexual violence. The goal of this workshop is to provide a judicial framework for physicians preparing legal documents and/or attending court proceedings.

SEPTEMBER 21, 2018

Pelvic Pain and Physiotherapy Workshop

Alberta Sexual Assault Course and Conference Pre-Workshop

Advanced Technical Skills Simulation Laboratory (ATSSL), Health Research Innovation Centre (HRIC), Foothills Campus, Calgary, AB

WHO SHOULD ATTEND: OHP | NP | RN (SANE) WORKING WITH SEXUAL ASSAULT PATIENTS

This workshop provides an interactive approach to the patient with chronic pelvic pain, with particular focus and attention to the patient with a trauma history. With the use of pelvic models, participants will learn to conduct a pelvic pain assessment. This will include using principles of trauma informed care to develop an approach to examination, assessment of the pelvic floor and the review of treatment modalities.

SEPTEMBER 22, 2018

Alberta Sexual Assault Course and Conference: Basics and Beyond

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: SART PHYSICIANS | EMERGENCY PHYSICIANS | URGENT CARE PHYSICIANS | MD | PSYCHIATRISTS | RPSYCH | SW | NP | NURSES | OHP WORKING WITH SEXUAL ASSAULT PATIENTS

This conference is designed to share core training and a management update for urban and rural healthcare professionals on sexual assault.

SEPTEMBER 27, 2018

Assessment of Decision-Making Capacity Workshop Geriatrics Update Pre-Course

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | GERIATRICIANS | PSYCHIATRISTS | INTERNISTS | OTHER INTERESTED SPECIALISTS

There are complex and predictable clinical, ethical and legal implications when assessing decision-making capacity. This session will help the primary care provider navigate the process related to the Alberta Adult Guardianship & Trusteeship, Personal Directives and Enduring Power of Attorney Acts. This interactive workshop is designed for physicians and will include small group work and presentations. Upon completion of a pre- and post-course questionnaire, Family Physicians will be eligible to claim Mainpro+ Group Learning credits. Specialists will be able to claim MOC Section 1 credits.

SEPTEMBER 28, 2018

2018 Geriatrics Update: Clinical Pearls

Best Western Plus Village Park Inn, 1804 Crowchild Trail NW, Calgary, AB

WHO SHOULD ATTEND: MD | CARE OF THE ELDERLY PHYSICIANS | NP | OTHER MEDICAL SPECIALISTS INTERESTED IN CARING FOR OLDER ADULTS; RN | RPH | OHP WHO WORK WITH OLDER ADULTS ARE WELCOME TO ATTEND

This course uses a blend of plenaries, interactive small group workshops and panel discussions to share latest knowledge and best practices in managing challenging health issues that commonly present in the older adult, across the continuum of care.

SEPTEMBER 29-30, 2018

Preparation Course for the CCFP Exam

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: PRACTICE ELIGIBLE PHYSICIANS WHO ARE PREPARING TO UNDERTAKE THE CCFP EXAM

This course is designed for practice eligible physicians who are preparing to undertake the CCFP Exam. The course will provide participants with an overview of the principles of family medicine, an overview of the patient-centred clinical method, an introduction to the Simulated Office Oral (SOO) component of the exam, skills and strategies to use in patient interviews that can be applied to the exam, six practice SOOs with feedback from experienced examiners, pre-course practice with Short Answer Management Problems (SAMPs) and feedback, an opportunity to practice writing SAMPs in an exam-like setting and a discussion of the SAMP component of the exam. NOTE: content of this course is not endorsed by the College of Family Physicians of Canada nor is it reviewed by the Board of Examiners at the College to ensure alignment with the CCFP certification examination. Participating in the course does not guarantee success on the certification examination.

OCTOBER 1, 2018 | OCTOBER 29, 2018 | APRIL 15, 2019 | JUNE 17, 2019

Essential Strategies for Chronic Pain Management

Richmond Road Diagnostic and Treatment Centre,
1820 Richmond Road SW, Calgary, AB

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | RPH | SPECIALISTS | PHYSICAL THERAPISTS | OCCUPATIONAL THERAPISTS | RPSYCH | SW | NUTRITIONISTS | KINESIOLOGISTS | PAIN RESEARCHERS

Family physicians are responsible for the majority of the management of chronic pain. Day one of this course will be held in a classroom setting to provide an overview of key issues in chronic pain. Days two and three will be arranged as observership days, in conjunction with the Course Coordinator at the Chronic Pain Centre, and will provide a clinical preceptorship that responds to the needs of the individual learner.

OCTOBER 26, 2018

Current Obstetrical Management Seminars

FACE TO FACE AND ONLINE

MacEwan Conference & Event Centre, Main Campus,
2500 University Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | SPECIALIST PHYSICIANS | PA | MIDWIVES | RN | LPN | NP | OHP | RESIDENTS AND STUDENTS

This program is intended for family physicians, midwives and nurses working in obstetrical care in urban and rural settings. It will provide an opportunity to review and update your knowledge and management of normal and abnormal obstetrical cases.

NOVEMBER 17, 2018

Practical Management of Hospitalized Patients with Liver Disease

Fort Calgary, 750 9 Avenue SE, Calgary, AB

WHO SHOULD ATTEND: GASTROENTEROLOGISTS | HEPATOLOGISTS | GENERAL INTERNISTS | HOSPITALISTS | MD | RESIDENTS | RN | NP | OHP

Cirrhosis and alcoholic hepatitis are frequent causes for hospital admissions. This course will focus on the in-patient management of cirrhosis and alcoholic hepatitis with a goal to decrease readmissions.

NOVEMBER 19-22, 2018

43rd Annual Family Practice Review and Update Course – Pearls for Practice

MacEwan Conference & Event Centre, Main Campus,
2500 University Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | RESIDENTS AND TRAINEES | NP | RN | LPN | OHP WORKING IN PRIMARY CARE

This program provides an update focused on information pearls pertinent for practice in primary care. Topics covered include a wide variety of the diagnoses typically seen in both urban and rural settings.

JANUARY 17, 2019

Paediatric Fractures Course

Emergency Medicine for Rural Hospitals Pre-Course

Banff Park Lodge Hotel, 222 Lynx Street, Banff, AB

WHO SHOULD ATTEND: MD | NP | OHP (REMOTE PRACTICE SITES)

This course is designed for rural practitioners to learn the knowledge and skills necessary in the initial management of paediatric fractures. This course will include short didactic presentations addressing the correct diagnosis of paediatric fractures and the physiologic differences between paediatric and adult fractures that affect management. Live demonstration with hands-on practice will focus on appropriate casting and splinting methods. Participants will practice on each other, including applying casts and splints (appropriate attire is suggested).

JANUARY 18, 2019

Common Fractures and Dislocations Course

Emergency Medicine for Rural Hospitals Pre-Course

Banff Park Lodge, 222 Lynx Street, Banff, AB

WHO SHOULD ATTEND: MD | NP | OHP (REMOTE PRACTICE SITES)

This course is designed to learn hands-on skills to deal with common fractures and dislocations seen in the rural emergency departments. The course will include short case-based presentations on specific fractures, a discussion of diagnosis and treatment, demonstration of the applicable cast and/or splint and hands-on practice. The morning will focus on fractures and dislocation of the upper limbs and the afternoon will focus on the lower limbs. Participants will practice on each other, including applying splints and casts (appropriate attire is suggested).

FACE TO FACE

JANUARY 18-19, 2019

21st Annual Rural Anesthesia for GP Anesthesiologists and Associated Post-Course (Ultrasound Guided Nerve Blocks)

Banff Park Lodge, 222 Lynx Street, Banff, AB |
Banff Mineral Springs Hospital, 305 Lynx Street, Banff, AB

WHO SHOULD ATTEND: GP ANESTHESIOLOGISTS WORKING IN RURAL SETTINGS

This intensive one-day course for GP Anesthesiologists features a blend of expert-lead didactic teaching and practical skill-development workshops, and offers opportunities for networking and exchange of information and ideas between leaders in the field and rural GP anesthesiologists.

JANUARY 18-21, 2019

35th Annual Emergency Medicine for Rural Hospitals

Banff Park Lodge, 222 Lynx Street, Banff, AB |
Banff Mineral Springs Hospital, 305 Lynx Street, Banff, AB

WHO SHOULD ATTEND: MD | RN | NP | PRE-HOSPITAL HEALTH PROFESSIONALS

This course provides updates on clinical topics relevant for physicians, nurses and other health professionals who practice in rural communities. Through a combination of plenary lectures, small group interactive sessions and hands-on skill development workshops, participants will review current best practices, guidelines, tools and techniques for investigating and managing emergent patients – from pre-hospital, to the rural emergency department.

LATE JANUARY/EARLY FEBRUARY 2019

5th Annual MSK Clinical Pearls Course

Red Deer, AB

WHO SHOULD ATTEND: MD | PHYSIOTHERAPISTS | EMT | OHP WHO WORK IN SPORTS MEDICINE ARE WELCOME TO ATTEND

This expert-lead annual course uses a blend of didactic presentations, case studies and hands-on skills training to enhance physicians' and other healthcare professionals care for patients with physical injuries. This year's topics focus on sideline management of athletic injuries.

FEBRUARY 8, 2019

Mood Day Conference

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | RPH | PSYCHIATRISTS | RPSYCH | SW | MENTAL HEALTH PROFESSIONALS

This course offers an interdisciplinary clinical focus which is applicable to all community practitioners. The vision of the conference is to examine Bipolar and Major Depressive Disorder from a psychiatric and psychological perspective. The conference is designed to provide strong practical and clinical resources to all members of the mental health community.

FEBRUARY 23-24, 2019

Preparation Course for the CCFP Exam

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: PRACTICE ELIGIBLE PHYSICIANS WHO ARE PREPARING TO UNDERTAKE THE CCFP EXAM

This course is designed for practice eligible physicians who are preparing to undertake the CCFP Exam. The course will provide participants with an overview of the principles of family medicine, an overview of the patient-centred clinical method, an introduction to the Simulated Office Oral (SOO) component of the exam, skills and strategies to use in patient interviews that can be applied to the exam, six practice SOOs with feedback from experienced examiners, pre-course practice with Short Answer Management Problems (SAMPs) and feedback, an opportunity to practice writing SAMPs in an exam-like setting and a discussion of the SAMP component of the exam. NOTE: content of this course is not endorsed by the College of Family Physicians of Canada nor is it reviewed by the Board of Examiners at the College to ensure alignment with the CCFP certification examination. Participating in the course does not guarantee success on the certification examination.

APRIL 24, 2019

36th Annual Calgary Therapeutics Pre-Course

FACE TO FACE AND ONLINE

Location TBD

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | RPH | SPECIALISTS | OHP

This evidence-based course is designed to provide primary care practitioners with a focused appraisal of "hot topics" in therapeutics and their application to practice.

APRIL 25-26, 2019

36th Annual Calgary Therapeutics Course

FACE TO FACE AND ONLINE

MacEwan Conference & Event Centre, Main Campus,
2500 University Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | RPH | SPECIALISTS | OHP

This evidence-based course is designed to introduce family physicians, specialist physicians, pharmacists and nurse practitioners to new medications, new indications for older products and new guidelines for treatment. Current therapeutics controversies are examined and drug and non-drug therapeutic approaches for selected clinical conditions are presented.

FACE TO FACE

MAY, 2019

Current therapeutics controversies are examined and drug and non-drug therapeutic approaches for selected clinical conditions are presented.

MAY, 2019

Calgary Pain Conference

WEBCAST AND FACE TO FACE

MacEwan Conference & Event Centre, Main Campus, 2500 University Drive NW, Calgary, AB

WHO SHOULD ATTEND: ALL HEALTHCARE PROVIDERS INCLUDING MD | PA | NP | RN | LPN | RPH | PHYSICAL THERAPISTS | OCCUPATIONAL THERAPISTS | RPSYCH | SW | NUTRITIONISTS | KINESIOLOGISTS | PAIN RESEARCHERS | STUDENTS

This conference covers advances in pain research and treatment, the prevention and management of acute and chronic pain and provides an overview of available programs and resources in Calgary. It will be of interest to all healthcare providers.

Acute Stroke Care e-Learning Program

SELF-PACED LEARNING

WHO SHOULD ATTEND: HEALTH TEAM INVOLVED IN ACUTE STROKE CARE | DISPATCH | DIAGNOSTIC IMAGING TECHNICIANS | EMERGENCY DEPARTMENT PHYSICIANS | EMERGENCY DEPARTMENT NURSES | NEURO-INTERVENTIONALISTS | NEUROLOGISTS | PARAMEDICS | MFR & EMS | RADIOLOGISTS | STROKE NURSES | OTHER NURSING SPECIALTIES | OHP

Acute Stroke Care e-Learning is an online portal provided by the Office of CME&PD at the University of Calgary and the Quality Improvement & Clinical Research (QuICR) Alberta Stroke Program. QuICR is a partnership between Alberta Health Services, Alberta Innovates Health Solutions, University of Alberta – Faculty of Medicine and Dentistry and the University of Calgary – Cumming School of Medicine. In the online portal, there are multiple self-learning modules designed for various professionals involved in acute stroke care in Alberta. You will also find the most up-to-date tools and resources for your clinical practice of acute stroke care.

Obesity Management CME Program

SELF-PACED LEARNING

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | COUNSELLORS

This online CME course is provided by the Office of CME&PD at the University of Calgary and Alberta Health Services – Primary Care and Chronic Disease Management. It is not a one-time course for your participation but an ongoing portal for your point-of-care access. You will learn the 5As of obesity management from this self-learning course. The Obesity Management CME Program was designed for primary care practitioners in Alberta to understand the 5As, and to give them a set of practical tools and local resources in adult obesity counselling and management.

PTSD and Post Disaster Population Impact

SELF-PACED LEARNING

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | COUNSELLORS

Prompted by the 'Flood of 2013', this open access course responds to the mental health needs of patients impacted by disasters. From a practical perspective, and within the context of primary care in Alberta, participants will be able to recognize the impact of natural disasters on communities and demonstrate the role of the primary care practitioner in PTSD management.

Healthy Pregnancy Weight Gain

SELF-PACED LEARNING

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | COUNSELLORS

In this course, you will learn how to effectively discuss weight gain with pregnant women. You will be presented with practical tips, evidence-based research from the most recent Health Canada and Institute of Medicine recommendations, as well as the latest study findings from innovative projects being conducted right here in Alberta. We have consulted with both women and health care providers across the province to shape this program.

BLENDED

cumming.ucalgary.ca/cme

FEBRUARY 1, 2019

ECG Interpretation Course 2019

PRE-COURSE ONLINE SELF-LEARNING FOLLOWED BY FACE TO FACE WORKSHOP

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: FAMILY PHYSICIANS AND OTHERS WISHING TO UPGRADE THEIR ECG INTERPRETATION SKILLS; FAMILY PHYSICIANS PREPARING TO WRITE THE COLLEGE OF PHYSICIANS AND SURGEONS OF ALBERTA ECG INTERPRETATION EXAMINATION; ECG-CERTIFIED FAMILY PHYSICIANS AND HOSPITALISTS LOOKING FOR A REFRESHER IN THIS AREA

This course is facilitated by cardiologists from the University of Calgary Cardiac Sciences. The course will provide a review of basic 12-lead ECG interpretation skills required by family physicians. Participants will be required to complete online self-learning activities prior to the full day, face to face activities. The online self-learning activities include a series of podcasts, related questions and ECG interpretation exercises. The highlight of the face to face day is a rotation of small group, facilitated case discussions.

Dementia Behaviours and Appropriate Use of Antipsychotics

SELF-PACED LEARNING

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN

The management of behavioral disturbances in dementia involves non-pharmacologic approaches and pharmacologic treatments. This online self-learning course is designed to support family physicians in Alberta in implementing behaviour assessment and management of patients with dementia, including the appropriate use of antipsychotics.

4TH FRIDAY OF EVERY MONTH

Office Gynecological Training for Family Physicians

PRE-COURSE ONLINE SELF-LEARNING FOLLOWED BY CLINIC TRAINING

MAINPRO+ 2 CREDITS PER HOUR

WHO SHOULD ATTEND: MD

Family physicians and other primary care practitioners have to be increasingly competent in office skills and procedures that are more commonly associated with specialist practice, for example, gynecological office procedures. This course provides gynecological office procedure training opportunities for you in Intrauterine Device (IUD) insertion and Endometrial Biopsy practice. It also allows you to have ongoing conversations with specialists, providing your feedback on what you further need for office gynecological training.

BLENDED

MULTIPLE TIMES PER YEAR

Alberta Opioid Dependency Treatment Virtual Training Course

ONLINE MODULES FOR SELF-PACED LEARNING FOLLOWED BY AN ONLINE WEBINAR WORKSHOP

MODULES AND WEBINAR: MOC SECTION 3 SELF-ASSESSMENT PROGRAM AND MAINPRO+ 1 CREDIT PER HOUR

WHO SHOULD ATTEND: MD | RPH | NP | RN | LPN | RPSYCH | SW | EMT | COUNSELLORS

The focus of the Alberta Opioid Dependency Treatment Virtual Training Course is to provide physicians, pharmacists and other healthcare providers with the knowledge, skills and attitudes required to work with patients who have opioid use disorder (OUD). This is a blended course consisting of seven online modules and one three-hour webinar. The modules are available continuously throughout the year while the three-hour webinar is scheduled once monthly throughout the year. Participants must attend the webinar at a specific date and time (synchronous access).

MULTIPLE TIMES PER YEAR

Medical Record Keeping

PRE-COURSE ONLINE SELF-LEARNING FOLLOWED BY FACE TO FACE WORKSHOP AND POST-COURSE WEBINAR

WHO SHOULD ATTEND: MD

The medical record facilitates good care. With contemporaneous documentation of patient encounters, the reflection and review can reinforce the consistency, completeness and quality of your clinical activities. This course aims to address sufficient documentation, which is central to patient safety and continuity of quality care.

DATE TBD

Rheumatology Workshop

PRE-COURSE ONLINE SELF-LEARNING FOLLOWED BY FACE TO FACE WORKSHOP

Health Sciences Centre, 3330 Hospital Drive NW, Calgary, AB

WHO SHOULD ATTEND: MD | PA | NP | RN | LPN | PHYSIOTHERAPISTS | OHP

This half-day workshop is designed for family physicians and other primary care practitioners involved in the care of patients with common joint issues. There is a strong focus on exam skills, initial treatment and when to refer. Participants are required to watch a number of podcasts prior to the hands-on workshop. With the pre-workshop and post-workshop activities, participants will also have the opportunities to communicate individual learning needs with the experts as well as post-training reflection on their own practices.

COMING SOON

Addiction Recovery Community Health (ARCH) Education Program

ONLINE SELF-LEARNING FOLLOWED BY TEAM-BASED DISCUSSIONS

WHO SHOULD ATTEND: FRONTLINE STAFF IN THE ER, MEDICAL UNITS AND MENTAL HEALTH UNITS; ADDICTIONS COUNSELORS | MD | EDUCATIONAL COORDINATORS | EVALUATION CONSULTANTS | NP | NURSES | RPH | RESEARCH DIRECTORS | SW | MEDICAL STUDENTS AND RESIDENTS | INPATIENTS AND POTENTIALLY COMMUNITY PATIENTS

With the success of ARCH at the Royal Alexandra Hospital and in response to the Opioid Crisis, ARCH strategy will be implemented in the Calgary Zone, starting at Peter Lougheed Centre (PLC). Consisting of a team of physicians on rotation as well as nurse practitioners, social workers and addiction counsellors, the ARCH team provides recommendations from evidence-based addiction treatment to direct connection to services that facilitate social stabilization to harm reduction and overdose prevention. All interventions are designed to meet the individual patients wherever they may be on their journey to better health. The purpose of this education program is to equip the ARCH team to provide the services efficiently and effectively.
