Dear Dr. Mcleod:

RE: 2019-2020 PARA Resident Physician Well-being Award – University of Calgary

Congratulations on being selected as the 2019-2020 recipient of the *PARA Resident Physician Well-being Award* for the University of Calgary. This award recognizes outstanding contributions of staff physicians to resident physician well-being.

This is what your nominators had to say about your commitment to resident physician well-being:

“Dr. McLeod is the Program Director for Developmental Pediatrics. He strongly advocates for the well being of subspecialty residents/fellows in the program, as well as for residents rotating through Developmental Pediatrics, through excellent clinical education with commitment to balance in work and life.

Dr. McLeod coordinates excellent clinical rotations, academic half-days, and extracurricular teaching that meets Royal College objectives and is high quality, timely, and relevant.

Dr. McLeod consults with subspecialty residents and fellows and advocates on our behalf with PGME and the RCPSC. This has been particularly important during the COVID-19 pandemic

Dr. McLeod makes every effort to ensure quality of life outside of Developmental Pediatrics including rapid granting of time off requests, conference funding, and limiting excess work outside of regular hours. He was instrumental in helping me change rotations quickly during a personal emergency and did so without hesitation, which relieved a huge burden.”
