

Dr. Marnie Hinton Resident Wellness Award

Presented by Office of Resident Affairs and Physician Wellness

Dr. Marnie Hinton was a long-time Alberta physician, trained in Great Britain, who dedicated her life to physician health. She initially volunteered her time through the early days of the Alberta Physician Assistance Program, then became more formally involved as a triage physician with the Physician and Family Support Program of Alberta.

Dr. Hinton worked for many years at an Edmonton hospital site caring for an adult population with multiple issues focused on intellectual and concurrent severe behavioral challenges. She was known for her stamina and persistence with this often very challenging population.

Most notably, she worked for nearly 25 years with Canniff and Associates to support the Physicians Aftercare Program operated through the College of Physicians and Surgeons.

Dr. Hinton always made herself available for phone calls or direct support to physicians struggling with addiction. She frequently volunteered her time to take new members to 12 step recovery groups in the Greater Edmonton area or offer her wisdom regarding healthy sobriety.

Field of Study: Postgraduate Medicine

Value: \$500.00

Annual Awards: 2

Conditions: Awarded to a medical resident in satisfactory academic standing who has demonstrated significant contributions to the advancement of physician wellness

Sponsored By: The Alberta Medical Association's (AMA) Physician and Family Support Program (PFSP) with special thanks to Bennett Jones LLP for their generous contribution.

More information can be found at [Alberta Doctors Award Information](#)
