Learner Resources and Supports:

Myth Busters

**Myth #2:** There are supports through PGME available for residents but no supports for faculty who work with learners in difficulty.

**Fact:** We offer supports to faculty who work with residents in difficulty.

- The Director of Learner Resources, Aleksandra Mineyko is available to meet with Program Directors or Faculty who are working with residents in difficulty to answer questions and problem solve
- The PGME Website section for Faculty with resources for working with residents in difficulty
- Workshops for faculty groups on feedback and designing remediation and learning support plans are available at request.

Contact Aleksandra Mineyko, Director of Learner Resources (amineyko@ucalgary.ca) and Nancy Dunlop, Education and Learning Resource Specialist (ndunlop@ucalgary.ca) or set up a meeting through Crystal Boisselle (crystal.boiselle@ucalgary.ca).
The PGME website includes information and resources for Program Directors and Faculty on residents in academic difficulty.

Please remember to contribute by sending suggestions and resources to pdassist@ucalgary.ca

**LASAC: Learner Academic Supports and Assessment Committee**

LASAC meets monthly to review and provide suggestions on Remediation and Probation Plans. If you are developing a Remediation or Probation Plan, please be aware of the meeting dates. All plans are reviewed prior to implementation. Meeting dates are available here.

**Equity, Diversity and Inclusion Needs Assessment Survey:**

We are undertaking a needs assessment of Equity, Diversity and Inclusion curriculum at CSM. Faculty involved in curriculum development or instruction in any of our academic programs (including faculty development) are invited to complete a survey to help us identify current initiatives at the program level, gaps in programming, and the barriers and facilitators to implementing EDI curriculum. Fill out the survey for your program or course here.

**The Learning, Engagement, Action for Resident Needs (LEARN) Study:**

We wish to explore the needs and perceptions of residency program directors, teaching faculty and residents regarding resident remediation and struggling learners. This is for quality assurance purposes and because there is a lack of research regarding policy development and residency remediation. We are recruiting for one-on-one interviews with key stakeholders including current resident trainees, program directors and teaching faculty.

This is a one-time interview conducted by phone that will take up to 60 minutes of your time. Your participation in this study is completely voluntary. As a token of appreciation for your time, you will receive a $25.00 gift card. For more information, please contact the PGME Research Lead, Dr. Aliya Kassam at kassama@ucalgary.ca. This study has been approved by the University of Calgary Conjoint Health Research Ethics Board (REB21-0287).

Transition to Practice Summer Series- CMA-Joule-2022:

Our Transition to Practice Summer Series is back with over 90% satisfaction rating and over 90% likely to recommend from residents last year.

Join our Canadian Medical Association-Joule summer sessions where panels of **practicing physicians** prepare residents and recent grads for the **non-clinical aspects** of the transition from residency to the realities of practice. Sessions cover a wide range of issues –from **taxes to contracts to time management**-- and provide extra time for discussions: a great way for physicians in all specialties to ask questions and prepare for practice.

All of our sessions are **physician-led** and **industry-free**. Last year, residents gave these sessions a **satisfaction** rate of **over 90%** and **over 90%** were **likely to recommend** to a peer. There is no charge. Dates and registration links below or register via **our webpage**.

**Summer West**

Requests/Opportunities:

- **CSM** is undertaking a *needs assessment of Equity, Diversity, and Inclusion curriculum within CSM*. Faculty involved in curriculum development or instruction in an academic program (including faculty development) are invited to complete a survey to help identify current initiatives at the program level, gaps in programming, and the barriers and facilitators to implementing EDI curriculum. Fill out the survey for your program or course [here](#).

- The *Healthy Populations Journal*, a student-led, open-access, peer-reviewed journal housed at Dalhousie University, has a call for submissions for a special issue on Indigenous Health and/or health equity. Deadline for submissions is Aug. 31, 2022. Details [here](#).

- The Community-Based Research Centre is conducting a **Canada-wide 2SLGBTQQIA+ Community Study** to understand more about the current state of health among people in the 2SLGBTQQIA+ community. Survey participants will be asked a series of questions about their mental and physical health, their sex lives and relationships, caregiving, community connection, discrimination and violence, substance use, economic impacts, housing, and how they have been coping under COVID-19. Go [here](#) for more information and to participate.

Award Opportunities:

- Nominations are now open for XWN’s **Canada’s Most Powerful Women: Top 100**. Categories include Community Impact, Emerging Leaders, Professionals and Future Leaders. Nominations open until May 17. More details [here](#).

- The Western Trailblazer award is given to an individual who volunteers their time, influence, and courage to make opportunities more accessible to the LGBTQ2+ community. It is awarded annually at the Pride Day event at the Calgary Stampede (this year July 9, 2022). Nominations close June 17.

Recordings of recent webinars, podcasts and presentations:

- **Invisible Institutions** is a new documentary podcast exploring the past and present of institutions for people labelled with intellectual and developmental disabilities in Canada, investigating the unreported and invisibilized harms of the institutional system. Include interviews with survivors, community activists, and experts, as they work together to expose the exploitation, isolation, resistance and survival facing people labeled with disabilities. Check out the episodes [here](#).

- The latest Courageous Conversations presentation, **Faith Matters: Why Engaging Religious Diversity Should be a Top Priority**, with Dr. Eboo Patel, is now available for viewing [here](#).

- Watch a recording of Dr. Karla Jessen Williamson presenting **Dreams of an Inuk Matriarch: Grounding “democracy” on Canadian grounds**. This presentation is part of the Indigenous Knowledge Public Lecture Series, offered by UCalgary’s Office of Indigenous Engagement. Available [here](#).

- The Globe and Mail and the Canadian Race Relations Foundation recently hosted a national conference on **Hate Crimes in Canada** to discuss what is fueling the rise in hate crime, the implications for society, and how law enforcement, the justice system, citizens, technology companies and communities can respond. View the sessions [here](#).

- For the past two years, UCalgary’s Office of Equity, Diversity and Inclusion has offered a series of **Courageous Conversations**, featuring discussions on racism, anti-racism, colonialism, and
complaint. The most recent season focused on decolonization as well as religious diversity and ableism. Check out all the recordings here

- UCalgary’s Office of Indigenous Engagement recently presented Ethical Space, with Willie Ermine. This webinar is part of the Indigenous Knowledge Public Lecture Series, highlighting Indigenous leaders, scholars, artists and Knowledge Keepers. Watch it here
- Color Code is a bi-weekly podcast produced by STAT. The latest episode is Dismantling Medical Racism Starts in the Classroom. Listen here

Resources:

- A report on Diversity, Equity and Equality among Alberta Physicians, authored by a team from the Cumming School of Medicine is now available on the College of Physicians and Surgeons of Alberta website.
- The Centre for Gender & Sexual Health Equity at UBC is developing a series of Research Equity Toolkits: Gender and Sex in Methods and Measurements, addressing the pervasive erasure in research of people who are marginalized and minoritized on the basis of their genders and sexes. The first Toolkit addresses Determining & Communicating Eligibility. Available for download here
- The Community-Based Research Centre has recently published a Two-Spirit Terminology Guide to increase awareness of the Two-Spirit Peoples and communities, and to provide safer language for researchers to use
- The Anti-racism in Medicine Collection within MedEdPORTAL provides educators with practice-based, peer-reviewed resources to teach anti-racist knowledge and clinical skills, elevates the educational scholarship of anti-racist curricula, and aims to convene a community of collaborators dedicated to the elimination of racism within medical education. New publications added regularly – check it out here
