Last week, 90 strangers used your toothbrush

Unknowingly sharing your online account is as invasive as sharing your toothbrush. On average, 90 malware attacks are launched against Ucalgary accounts each week.

Introducing YuJa – create videos, screen captures and share with your learners:

YuJa is the university’s new video hosting/content management system. YuJa allows U of C staff and faculty to create, upload and share videos, create screen captures via a free desktop software and caption content and share it with learners.

Message from Dr. Leslie Reid, Vice-Provost (Teaching and Learning) - Introduction to YuJa.

Additional information and support can be found at http://elearn.ucalgary.ca/YuJa/ and FAQ.

Please contact the IT Support Centre or visit the YuJa Help site for further documentation.

Thank you for reading! Stay tuned for the November PG Post!
