Integrated Knowledge Translation: Using a Practical Approach to Identify and Engage Knowledge Users

Date: Friday, October 29th, 2021

Time: 12 – 1 PM MST

Registration Link: <https://bit.ly/3ibXd4G>

Laura McAlpine

Dr. Gabrielle Zimmermann

Presenters Gabrielle Zimmermann and Laura McAlpine will provide attendees with a brief overview of knowledge translation then focus in on what it means to use an integrated knowledge translation approach. The presentation will include a series of activities designed to walk the audience through some key steps to identify knowledge users, identify which knowledge users should be engaged (and how), and start to create an engagement plan.

Bios:

Laura McAlpine, MSc - Laura McAlpine is a Knowledge Translation (KT) Project Coordinator with the Alberta SPOR SUPPORT Unit Learning Health System Team. She is responsible for the overall management and coordination of KT projects undertaken by the LHS Team and works closely with stakeholders to provide guidance on end-of-grant KT plans, integrated KT approaches, and implementation.

Gabrielle Zimmermann, PhD - Gabrielle Zimmermann is the Program Coordinator – Knowledge Translation & Implementation Science with the Alberta SPOR SUPPORT Unit Learning Health System Team. She has wide-ranging experience in research and Knowledge Translation (KT) that encompasses the knowledge to action cycle; from creating and synthesizing evidence to facilitating the implementation of evidence into practice. Her experience includes critical appraisal of evidence, developing KT plans/proposals and the practical application of implementation science. Gabrielle is an Adjunct Assistant Professor with the Department of Community Health Sciences at the University of Calgary.

Thank you to our funders and supporters who made this possible!
