

Child Health and Wellness Seminar

In partnership with  women & children's
health research institute

Reaping the benefits of childhood cancer treatment without all the risks

Host: Dr. Sandra Davidge, PhD

WCHRI Executive Director

Speaker: Dr. Amit P. Bhavsar, PhD

Canada Research Chair (Tier 2)

Assistant Professor, University of Alberta

Dr. Bhavsar is an early career researcher who is trying to improve the safety of cancer therapy for children. Bhavsar's group studies how chemotherapeutics trigger dangerous side effects and uses this knowledge to disentangle what makes a cancer drug work from what makes it unsafe.

Monday, November 8, 2021

8:30 – 9:30 am

Register for Zoom access: bit.ly/3AWgK1h

The [University of Calgary](#) is driving science and innovation to transform the health and well-being of children and families. Led by the [Alberta Children's Hospital Research Institute](#), top scientists across the campus are partnering with [Alberta Health Services](#), the [Alberta Children's Hospital Foundation](#), and our community to create a better future for children through research.
