

Memorandum

Date: March 2022

To: Provincial Clinical Programs and Virtual Health Leadership and Medical Leads
Referral, Access, Advice, Placement, Information and Destination (RAAPID)

From: Dr. Jonathan Choy, Interim Senior Medical Director,
Provincial Clinical Programs and Virtual Health

RE: Announcement: Dr. Ashlea Wilmott, Medical Director, RAAPID South.

On behalf of Provincial Clinical Programs and Virtual Health and RAAPID South we are pleased to announce that Dr. Ashlea Wilmott will assume the role of Medical Director, RAAPID South on March 21, 2022.

Dr. Wilmott comes to us with a diverse background as an Attending Emergency Physician between Foothills Medical Centre, Alberta Children's Hospital (ACH), South Health Campus and Cochrane Urgent Care. She has spent nearly four years as a member of the Provincial Connect Care Project as the Medical Informatics Lead for ACH Emergency and the Provincial Physician Trainer for the Emergency and Urgent Care Prescriber track.

Currently, splitting her practice between ACH and Cochrane Urgent Care, Dr. Wilmott is an active consulting and referring physician through the RAAPID service. This experience coupled with her Connect Care leadership will be beneficial to the future success of RAAPID South. Dr. Wilmott, with her expertise will create future opportunities by streamlining the RAAPID service for our rural and remote providers, and further enhance the consultative services, ultimately delivering exceptional care to Albertans.

Please join me in welcoming Dr. Wilmott!

Best regards,

Dr. Jonathan Choy
Interim Senior Medical Director,
Provincial Clinical Programs and Virtual Health
