Pediatric COVID-19 and Vaccination - Emerging Evidence

James Kellner MD, FRCPC

Professor, Departments of Pediatrics,
Community Health Sciences, and Microbiology,
Immunity & Infectious Diseases
University of Calgary

Stephen Freedman MDCM, MSc

Alberta Children's Hospital Foundation
Professor in Child Health and Wellness
Departments of Pediatrics and Emergency Medicine
University of Calgary

Objectives:

1. To describe the impact of the Omicron variant wave on children in Alberta
2. To be able to identify risk factors for adverse short and long term outcomes in children with COVID-19
3. To review the rationale for COVID-19 infections in children, and to review current trends in vaccine uptake and anticipated expansion of vaccine programs
