Medical Director/Chief Pediatric Cardiac Intensive Care Unit, Stollery  
Children's & University of Alberta Hospitals  
Program Director, Pediatric Cardiac Critical Care Medicine Fellowship  
Program

Clinical Associate Professor, Department of Pediatrics, Faculty of Medicine  
& Dentistry, University of Alberta, Edmonton, AB

Cardiopulmonary Interactions: Implications in the  
management of the neonate with congenital and  
acquired heart disease

## Learning Objectives:

1. Review the important cardiopulmonary interactions on the right and left heart.
2. Review the implications for neonates with high pulmonary blood flow and single ventricle pre and postoperative physiology.
3. Review the implications for neonates with shunt lesions and 2 ventricle circulations.
4. Review the implications for neonates with myocardial dysfunction.

**January 17, 2023 at 4:00pm**
