Cumming School of Medicine
University of Calgary

Efficacy and safety of high dose of ibuprofen for
patent ductus arteriosus treatment in preterm
infants

Learning Objectives:

1. Review evidence for efficacy and safety of high dose ibuprofen for treatment of patent ductus arteriosus (PDA)
2. Understand the limitations of existing evidence
3. Identify when high dose ibuprofen should be considered as first line PDA treatment

November 21, 2023 at 4:00pm
