

Section of Neonatology, Department of Pediatrics

Neonatal Grand Rounds

Dr. Michael K Georgieff, MD

Professor of Pediatrics, Obstetrics and Gynecology, and Child Development
Co-Director, Masonic Institute for the Developing Brain
University of Minnesota Medical School

Developmental Origins of Adult Mental Health

Learning Objectives:

1. Understand the principles of the Developmental Origins of Health and Disease.
2. Name two mechanisms by which early life nutrition alters long-term neurodevelopmental outcomes.
3. Illustrate how fetal/neonatal iron status demonstrates the principles of DOHaD.

October 4, 2022 at 4:00pm
