

CHILD HEALTH AND WELLNESS

2021 OWERKO FAMILY DISTINGUISHED LECTURE

Socioeconomic Inequality and Children's Brain Development

Dr. Kimberly Noble, MD, PhD

Professor, Teacher's College, Columbia University

Dr. Noble is the Director of the Development (NEED) lab, where she and her team study how socioeconomic inequality relates to children's cognitive, emotional, and brain development. The focus of her work examines socioeconomic disparities in cognitive development, as well as brain structure and function, across infancy, childhood and adolescence.

Wednesday, October 27, 2021 from 2 – 3:30 pm

[Register for Zoom access](#)

The Owerko Family Distinguished Lecture is supported by the Developmental Neurosciences Endowment Fund through the Alberta Children's Hospital Foundation.

The [University of Calgary](#) is driving science and innovation to transform the health and well-being of children and families. Led by the [Alberta Children's Hospital Research Institute](#), top scientists across the campus are partnering with [Alberta Health Services](#), the [Alberta Children's Hospital Foundation](#), and our community to create a better future for children through research.
